JMU

- File
- Folder
- HTML Block
- HTML Link
- User-image
- Video

What's changed?

- Need to select a Site(ours is JMU for the most part).
- Publish Queue is under the Hamburger menu
- History – need to click your profile icon then history
- Drafts are saved every 2 minutes so ‘double submit’ to save a working copy
- Cascade will enforce file names of no spaces

Nice new features

- Searching while selecting a block
- Uploading
 - Drag and Drop Multiple files/images!
 - Image upload inline! Useful for slideshows and articles
- Ability to hover over side by side regions on a page
- Publish automatically at Start Date!
- New WYSIWYG Editor features:
 - Style bulleted items sub bullets

Demo

- Editing a homepage feed
 - Editing navigation
 - Editing Breadcrumb page title
 - Editing Footer
 - Creating a secondary page
-
