Mission Statement
The School of Writing, Rhetoric and Technical Communication seeks to equip students for academic and professional success as communicators in print and electronic media.

Goals
The goals of WRTC are to help students:
- Develop into accomplished writers and editors.
- Evaluate the effectiveness of communication based upon the principles of rhetoric.
- Develop proficiency in critical thinking, technological and analytical skills.
- Create for themselves an area of expertise applicable to work as professional communicators.

Career Opportunities
In the WRTC major students learn the kinds of research, analytical and reasoning skills that will allow them to become successful professionals in a wide range of fields. WRTC graduates can expect career opportunities in writing, editing or production positions with a variety of business, educational or industry employers, including the computer hardware and software industry, law firms, journalism, health care providers, pharmaceutical manufacturers, education, engineering companies, publishing houses, environmental concerns, not-for-profit or political organizations, and technical translation groups of multinational corporations.

Professional Activities and Organizations

e-Vision
In support of campus-wide writing, the program sponsors e-Vision, an electronic publication of student essays written in the first year composition classes. For ten years, students on the e-Vision editorial board have worked to give the engaging, provocative, fundamentally useful essays written by GWRTC students the wider audience they deserve. e-Vision is produced by students. Students enrolled in the e-Vision internship (WRTC 495) develop the criteria used to evaluate essays, read and discuss each submission, and work individually with winning essayists to polish their work for publication at http://www.jmu.edu/evision/.

Internships
The WRTC internship is a required professional preparation for B.A. and B.S. students. It expects students to exercise the preparation that they received from their WRTC course work to design, write, edit and produce professional documents for internship providers in academia, business, industry and government. Information about internships may be obtained through the WRTC office.

STC Student Chapter
The Society for Technical Communication offers a unique opportunity for members to seek recognition for their work and obtain professional contacts. STC is comprised of over 23,000 individual members throughout the world, making it the largest organization of its kind. The JMU STC Student Chapter was established in the fall of 1999, offering students a venue for exploring networking and applied skills.

Service to the University

General Education
WRTC teaches several courses for JMU’s General Education program. In Cluster One, GWRTC 103 (formerly GWRT 103) introduces students to academic writing and research, and prepares students for a writing-intensive experience in the disciplines. For information about how students may receive credit or exemptions for GWRTC, refer to the General Education Cluster One section of the catalog. In Cluster Two, faculty offer sections of GHUM 200, Great Works, among others.

http://www.jmu.edu/catalog/09
English as a Second Language
WRTC 100 is available for English as a second language (ESL) students and others who wish to enhance their writing preparation prior to taking GWR 103 (formerly GWR 103).

Interdisciplinary Liberal Studies
WRTC faculty are active participants in creating and sustaining the Interdisciplinary Liberal Studies (IDLS) major for teacher education students, K-8. This includes advising students, developing and staffing IDLS 400, Capstone Seminar, and making WRTC courses available as electives to IDLS majors in the Humanities/Social Sciences concentration area.

Honors Program
WRTC faculty regularly offer honors sections of GWR 103 (formerly GWR 103).

Write On!
The Write On! academic writing contest is a campus-wide, writing in the disciplines initiative for undergraduate and graduate students who may submit writing produced in JMU classes (formal and informal essays, research papers, reports, etc.). The winning selections are published in an online collection at http://www.jmu.edu/writeon/ and receive cash prizes.

Admission Requirements
Any student coming into JMU as a first year student without previous college experience may declare WRTC as a major. However, any student who has completed one semester at JMU or another university must apply to WRTC. To be admitted into the WRTC B.A. or B.S. program, students must first satisfy all university general admission requirements. In addition, applicants to the program must submit to the WRTC director an application dossier that contains the following material:

- A completed WRTC application form
- A copy of the student’s degree progress report
- A background and goals statement of no more than 500 words that explains how the B.A. or B.S. program would prepare the student for his or her anticipated career

A student’s SAT verbal, quantitative and analytical scores are considered in the admission process. Nonnative speakers of English must take the Test of English as a Foreign Language and receive a score of at least 550. Applicants may use letters of recommendation and writing samples to support an application for financial aid.

Major and Degree Requirements
The study of writing, rhetoric and technical communication includes two concentrations in the undergraduate major: technical and scientific communication and writing and rhetoric. The WRTC major emphasizes scholarly, humanistic and social scientific perspectives on the function and application of communication technologies, with instruction in areas such as: literacy studies, rhetorical traditions, writing pedagogy, editing, web theory and design, publications management, knowledge management, organizational and managerial communication, and writing for professional communities such as government, medical and scientific.

Depth Requirement
All WRTC students must complete a depth requirement in an area related to the WRTC concentration. A depth requirement is a set of courses outside the major that is designed to complement other components of the student’s course of study and to support selected professional goals.

Students concentrating in TSC must satisfy a nine-hour minimum depth requirement. Six hours must be at the 300 and 400 level. Students should consult the major adviser for a list of eligible areas and courses. These nine credits may not be double counted toward General Education requirements. Courses not appearing on the list may be eligible for substitution if the adviser is consulted ahead of time. Students who are double majoring or minoring in areas outside WRTC will automatically satisfy the depth requirement if the major or minor area is approved for that concentration. Students concentrating in writing and rhetoric must declare a minor to satisfy their depth requirement.

Recommended Schedule for B.A. Majors
Students are encouraged to begin their WRTC course work as soon as possible in their degree plans. The following sample program of study illustrates how a WRTC major might earn a B.A. degree.

1 Completion of an intermediate level foreign language is required for the B.A. degree (usually six hours if begun at the intermediate level) unless the language requirement is satisfied by an exemption test. In that case, university electives may be substituted for additional hours indicated as foreign language courses.

Minor Requirements

Technical and Scientific Communication

The minimum requirement for a TSC minor is 18 credit hours. Nine of the 18 hours must include WRTC 210, Introduction to Technical and Scientific Communication; WRTC 230, Research in Technical and Scientific Communication; and WRTC 240, Professional and Technical Editing. The remaining nine hours may be from any upper-level WRTC elective. In the three required courses (WRTC 210, WRTC 230 and WRTC 240) the student must make a “C” or better. If the student does not, he or she may not register for future WRTC courses until a grade of “C” or better is earned in those courses. Students majoring in disciplines within the School of Media Arts and Design or the School of Communication Studies can count no more than three hours of SMAD or SCOM course work toward the TSC minor.

Writing and Rhetoric

The minor in writing and rhetoric is designed for students who wish to extend, enrich and formalize their education as writers.

The minimum requirement for the minor is 18 credit hours.

Required core courses:
- WRTC 211. Critical Reading and Argumentation 3
- WRTC 220. Rhetorical Traditions 3

Electives from among the following: 12
- WRTC/ENG 290. Intermediate Composition
- WRTC 310. Studies in Literary
- WRTC 320. Writing in the Public Sphere
- WRTC 322. Making a Difference: Service Learning Writing
- WRTC 331. Technology and Writing
- WRTC 340. Teaching Writing
- WRTC 345. Tutoring Writing
- WRTC /SCOM 351. Visual Rhetoric
- WRIT/ENG 396. Advanced Composition
- WRTC 400. Special Topics Seminar in Rhetoric and Writing
- WRTC 421. Studies in Cultural Rhetorics
- WRTC /SCOM/WMST 420. Feminist Rhetorics
- WRTC 430. Style and Stylistics
- WRTC 495. Internship

Experimental WRTC courses may be counted as electives, as well as writing courses offered by other academic units with the approval of the writing minor adviser or the program director.
