Communication Sciences and Disorders

Department of Communication Sciences and Disorders

CSD 200. Introduction to Communication Disorders. 3 credits.
This course is an introduction to human communication, the most advanced of neurological functions which separates humans from all other species. It surveys both normal and communicatively disordered populations served by audiologists, speech-language pathologists, educators and neuropsychologists.

CSD 207. Phonetics. 3 credits.
Instruction in various transcription techniques for phonetic and phonemic analysis of speech production.

CSD 208. Anatomy and Physiology of the Ear and Voice Mechanism. 3 credits.
A detailed study of the anatomy and physiology of the speech mechanism.

CSD 209. Audiences of Hearing and Speech. 3 credits.
Introduction to the study of speech and hearing. Introduction to physical acoustics, sound generation and transmission, resonance, speech acoustics, and speech perception.

CSD 300. Language Development. 3 credits.
The study of language acquisition, development, structure and function in normal children. The development of language in all cultures and the universal nature of the developmental process is the foundation for continued study in speech-language hearing. Prerequisites: CSD 207, CSD 208 and CSD 209. Open to CSD majors only.

CSD 301. Audiobiology. 3 credits.
An introduction to the symptoms, causes and treatment of hearing disorders. Hearing test instrumentation and interpretation in clinical situations are emphasized. Prerequisites: CSD 207, CSD 208 and CSD 209 or permission.

CSD 314. Phonological and Language Disorders. 3 credits.
An introduction to phonological and language disorders in children and adults. Etiological and maintaining factors are discussed, and an overview of assessment and rehabilitation procedures is presented. Prerequisite: CSD 300 or permission.

CSD 318. Aural Rehabilitation. 3 credits.
Concentrated attention is given to communication problems of the hearing handicapped. Aural rehabilitation is emphasized including lip reading and auditory training. Prerequisite: CSD 301 or permission.

CSD 412. Multicultural Topics in Communication Disorders. 3 credits.
This course will address considerations for effective service delivery to culturally and linguistically diverse populations. An overview of cultural characteristics will be provided with particular attention to specific minority populations. Discussion on speech and language variations in dialects, bilingualism and foreign accent, nonbiased assessment and strategies for enhancing communication with families from diverse cultures will be presented. Prerequisites: CSD 200, CSD 207, CSD 300, CSD 314.

CSD 415. Neuroanatomy and Neurogenic Communication Disorders. 3 credits.
Introduces neurogenic communication disorders from a neuroanatomical approach. Prerequisite: CSD 208 or permission.

CSD 416. Organic Speech Disorders. 3 credits.
Clinical procedures in the areas of fluency, oral-facial and voice disorders are studied. Evaluative and remedial aspects are emphasized. Prerequisite: CSD 208.

CSD 420. Introduction to Sign Language. 3 credits.
Provides an introduction to American Sign Language, the deaf community and English-based signed systems.

CSD 421. Sign Language II. 3 credits.
Focuses on developing conversational skills of students whose core vocabulary and knowledge of the grammar and pragmatics of sign language are basic; distinguishes ASL from English sign systems. Prerequisite: CSD 420 or permission.

CSD 444. Child Language Development and Disorders. 3 credits.
The study of normal language development in children, including an overview of the linguistic bases of language. Topics include the examination of the various manifestations of language disorders in children and the different strategies for intervention. This course does not meet the degree requirements for CSD majors.

CSD 470. Methods and Observation. 3 credits.
Directed observation and participation in practical experiences. Introduction to the clinical process in speech-language pathology. Practical clinical methodology will be emphasized. Prerequisites: Majors only, CSD 314 or permission.

CSD 471. Methods and Observation in Audiology. 3 credits.
An introduction to the clinical process in audiology via directed observation and participation in laboratory and patient interactions. Practical clinical methodology is emphasized. Majors only with interest in graduate study in audiology. Repeatable for credit up to six credits. Must have senior status to enroll. Prerequisite: CSD 301 or permission.

CSD 490. Special Studies in Communication Sciences and Disorders. 1-3 credits.
Provides students opportunity for independent study and/or small class instruction in elective topics.

CSD 499. Honors. 6 credits.
See catalog section "Graduation with Honors."

Communication Studies

School of Communication Studies

SCOM 240. Introduction to Communication Theory. 2 credits.
Study of theories and models that inform understanding of human communication processes. Emphasis on the processes of theory building, comparison of theories, and the implications and application of theory to particular contexts. Consideration of role of communication in all human endeavors. The SCOM 241 lab and SCOM 240 lecture portions must be taken concurrently. Prerequisites: SCOM major declared or SCOM minor declared students only, and any GCOM course.

SCOM 241. Communication Theory Lab. 1 Credit.
This lab is designed to complement and supplement the SCOM 240 lecture course. Students will discuss, write, and/or give presentations related to content covered in SCOM 240. The SCOM 241 lab and SCOM 240 lecture portions must be taken concurrently. Prerequisites: SCOM major declared or SCOM minor declared students only, and any GCOM course.

SCOM 242. Presentational Speaking. 3 credits.

SCOM 245. Signs, Symbols and Social Interaction. 3 credits.
The study of verbal and nonverbal communication as used in human interaction. Consideration given to the function of symbolic systems in self-concept development, the structuring of reality and social discourse. Attention is directed toward the use of signs and symbols by different ethnic groups, genders, age groups and geographic groups. Prerequisites: "SCOM Major Declared" or "SCOM Minor Declared" students only and any GCOM course.

SCOM 247. Small Group Communication. 3 credits.
Study of communication processes involved in solving problems when working with others in a small group context. Emphasis on concepts of roles, norms, leadership and decision making. Consideration of small group factors which influence problem-solving effectiveness. Prerequisite: Any GCOM course.

SCOM 248. Intercultural Communication. 3 credits.
The study of human communication in a variety of cultural settings and contexts. Emphasis on developing understanding and analytical skills regarding communication between people from different racial, ethnic and cultural backgrounds in both domestic and international settings. Consideration of relevance and application to social, business and political environments.

SCOM 260. Introduction to Public Relations. 3 credits.
Study of basic principles and practices of public relations. Consideration given to public relations problems and pragmatic solutions utilizing oral, written and electronic communication media and skills.

SCOM 261. Public Relations Techniques I: Written. 3 credits.
Study of writing fundamentals for public relations. Emphasis on practice of effective writing for a variety of media (press releases, public service announcements, brochures, newsletters). Must be able to use word processing software. Prerequisite: SCOM 260.

SCOM 280. Introduction to Communication Research. 3 credits.
An introduction to the principles, methods and analysis techniques used in the field of communication. Emphasis on a broad-based understanding of the breadth of research in the field. Includes both qualitative and quantitative research methods, methods of literature review and research article critiques. Fulfills the College of Arts and Letters writing-intensive requirement for the major. Prerequisite: SCOM 240.

SCOM/ANTH 305. Language and Culture. 3 credits.
An introduction to linguistic anthropology. Explores the complex relationships between language and culture through topics such as...
