Professors

Associate Professors
- N. Cavusoglu, J. Doyle, W. Grant, S. Milliman, J. Subrick

Assistant Professors
- V. Bhatt, B. Brunton, A. Neveu, A. Smith

Instructor
- P. Heap

Mission Statement
The Department of Economics is committed to students’ intellectual development by fostering an understanding and appreciation of economic forms of explanation and their relationships to other social sciences. The Department of Economics also stresses the importance of economic explanation by promoting interdisciplinary perspectives. Economics faculty members are dedicated to sound and effective pedagogy, to scholarship of the highest quality and to outreach to the local and business community. The department provides an intellectual foundation for the appreciation and understanding of economic theory and policy. This foundation is developed within a broader educational perspective that stresses the importance of imaginative thinking, free inquiry and the pursuit of life-long learning. In this way, the program prepares students with the economic literacy necessary to cope with the challenges inherent in a world of accelerating change.

Goals
- Help students develop analytical and critical thinking skills.
- Promote interdisciplinary and cross-disciplinary forms of instruction.
- Seek continuous improvement in the quality of classroom instruction.
- Serve the community through outreach services.
- Help students pursue careers and additional education.

 Marketable Skills
- Analytical thinking capabilities highly valued by business, government and the nonprofit sector.
- Writing and research skills applicable to a wide variety of careers.
- Statistical and econometric skills used in business and finance.
- Preparation in critical thinking valued by graduate schools, including law, business, and arts and sciences.
- Analytical skills valued by employers for internships in business, government and consulting.

Co-curricular Activities and Organizations
- Economics Club (open membership)
- Omicron Delta Epsilon (national honor society in economics)

Admission to the Major
Students wishing to pursue either a B.A., B.S., or B.B.A. degree program in economics must be formally admitted to the program in order to enroll in the required core courses: ECON 331, ECON 332 and ECON 385. In order to be admitted as either a B.A. or B.S. candidate, the student must have at least three semesters remaining at JMU to complete the degree requirements. In order to be admitted as a B.B.A. candidate, the student must also meet all of the College of Business admission requirements (described in the College of Business section of the catalog).

To declare an economics major, students must submit the “Change or Declaration of Major” form and a copy of an unofficial transcript to the department head’s office in Showker Hall, Room 434

Degree and Major Requirements
Economics majors choose from a B.A., B.S. or B.B.A. degree. The B.A. and B.S. degrees are traditional liberal arts degrees that lead to a variety of career and graduate school options; the B.B.A. is designed to prepare students for careers in business.

The B.B.A. degree in economics requires a minimum of 120 credit hours of undergraduate work of which 60 credit hours must be taken outside the College of Business. The 60 credit hours of non-business courses may include all General Education program credits, up to nine hours in economics (including ECON 200) and three hours of COB 191. The remaining hours must be taken from any academic unit outside the College of Business. It is recommended that students carefully select non-business electives to effectively complement their economics and business education.
Bachelor of Arts in Economics
The minimum requirement for a B.A. degree in economics is 33 credit hours of economics, including 18 credit hours of core courses and 15 credit hours of electives. It is also necessary for the student to complete the foreign language and philosophy requirements for a B.A. degree as well as complete the General Education program.

Degree Requirements
Required Courses Credit Hours
GECON 200, Introduction to Macroeconomics 3
ECON 201, Principles of Economics (Micro) 3
ECON 331, Intermediate Microeconomic Theory 3
ECON 332, Intermediate Macroeconomic Theory 3
ECON 385, Econometrics 3
ECON 498, Senior Capstone Seminar in Economics 3
Economics electives (at least six credits must be at the 400 level, not including ECON 488, ECON 490 or ECON 499) 15

The foreign language requirement may be satisfied by successful completion of the second semester of the intermediate level of the student's chosen language (typically 232), or by placing out of that language through the Department of Foreign Language, Literatures and Cultures' placement test.

Students need to complete ECON 331, ECON 332 and ECON 385 with a grade of “C” or better.

Recommended Schedule for B.A. in Economics Majors
First Two Years
During the first two years, students should complete:
• Most of the General Education program
• ECON 201. Principles of Economics (Micro)
• GECON 200. Introduction to Macroeconomics
• COB 191. Business and Economic Statistics
• Choose one of the following:
  • MATH 205, Introductory Calculus I
  • MATH 231, Calculus with Functions I
  • MATH 235, Calculus I

Students are encouraged to take ECON 331, Intermediate Microeconomic Theory, and/or ECON 332, Intermediate Macroeconomic Theory, in their sophomore year, which can only be taken once the prerequisites of GECON 200, ECON 201 and the prerequisite math course are completed.

Third and Fourth Years
B.A. economics majors should complete ECON 331, Intermediate Microeconomic Theory, and ECON 332, Intermediate Macroeconomic Theory, and preferably ECON 385, Econometrics, by the end of their junior year. While most majors will complete the 400-level requirements in economics during their senior year, students may take a 400-level course during their junior year if the prerequisite for the course has been met. ECON 488, Senior Capstone Seminar in Economics, should be taken during the senior year.

Bachelor of Science in Economics
The minimum requirement for a B.S. degree in economics is 33 credit hours of economics including 18 credit hours of core courses and 15 credit hours of electives. It is also necessary for the student to complete the quantitative and scientific literacy requirements for a B.S. degree as well as complete the General Education program.

Degree Requirements
Required courses Credit Hours
General Education 1 41
Quantitative requirement 2 3
Scientific Literacy requirement 2 3-4
Major requirements (listed below) and electives 73-77

1 The General Education program contains a set of requirements each student must fulfill. The number of credit hours necessary to fulfill these requirements may vary.
2 The foreign language requirement may be satisfied by successful completion of the second semester of the intermediate level of the student's chosen language (typically 232), or by placing out of that language through the Department of Foreign Language, Literatures and Cultures' placement test.

Major Requirements
Required Economics Courses Credit Hours
GECON 200. Introduction to Macroeconomics 3
ECON 201. Principles of Economics (Micro) 3
ECON 331. Intermediate Microeconomic Theory 3
ECON 332. Intermediate Macroeconomic Theory 3
ECON 385. Econometrics 3
ECON 498. Senior Capstone Seminar in Economics 3
Economics electives (at least six credits must be at the 400 level, not including ECON 488, ECON 490 or ECON 499) 15

Students need to complete ECON 331, ECON 332 and ECON 385 with a grade of “C” or better.

Recommended Schedule for B.S. in Economics Majors
First Two Years
During the first two years, students should complete:
• Most of the General Education program
• ECON 201. Principles of Economics (Micro)
• GECON 200. Introduction to Macroeconomics
• COB 191. Business and Economic Statistics
• Choose one of the following:
  • MATH 205, Introductory Calculus I
  • MATH 231, Calculus with Functions I
  • MATH 235, Calculus I

Students are encouraged to take ECON 331, Intermediate Microeconomic Theory, and/or ECON 332, Intermediate Macroeconomic Theory, in their sophomore year, which can only be taken once the prerequisites of GECON 200, ECON 201 and the prerequisite math course are completed.

Third and Fourth Years
B.S. economics majors should complete ECON 331, Intermediate Microeconomic Theory, and ECON 332, Intermediate Macroeconomic Theory, and preferably ECON 385, Econometrics, by the end of their junior year. While most majors will complete the 400-level requirements in economics during their senior year, students may take a 400-level course during their junior year if the prerequisite for the course has been met. ECON 488, Senior Capstone Seminar in Economics, should be taken during the senior year.

Bachelor of Business Administration in Economics

The minimum requirement for a B.B.A. degree in economics is 33 credit hours of economics including 18 credit hours of core courses and 15 credit hours of electives. B.B.A. students also complete the core business requirements as well as complete the General Education program.

Degree Requirements

Students need to complete ECON 331, ECON 332 and ECON 385 with a grade of “C” or better.

Recommended Schedule for B.B.A. in Economics Majors

First Two Years

During the first two years, students should complete:
- The 29-30 hour, lower-division B.B.A. core curriculum (failing to complete these courses before the first semester of the junior year could delay admission to the degree program and enrollment in COB 300).
- Most of the General Education curriculum
- ECON 201. Principles of Economics (Micro)
- ECON 200. Introduction to Macroeconomics
- Choose one of the following:
  - MATH 205. Introductory Calculus I
  - MATH 231. Calculus with Functions I
  - MATH 235. Calculus I

Students are encouraged to take ECON 331, Intermediate Microeconomic Theory, or ECON 332, Intermediate Macroeconomic Theory, in their sophomore year, which can only be taken once the prerequisites of ECON 200, ECON 201 and the prerequisite math course are completed.

Third and Fourth Years

B.B.A. economics majors should take COB 300 A,B,C,D in the fall semester of their junior year and complete ECON 331, Intermediate Microeconomic Theory, and ECON 332, Intermediate Macroeconomic Theory, and preferably ECON 385, Econometrics, by the end of their junior year.

While most majors will complete the 400-level requirements in economics during their senior year, students may take a 400-level course during their junior year if the prerequisite for the course has been met. ECON 488, Senior Capstone Seminar in Economics, should be taken during the senior year.

Concentration in Environmental and Natural Resource Economics

http://www.jmu.edu/catalog/13
College of Business: Department of Economics 177

Economics elective (400 level, not including ECON 490, ECON 499) 3
FIN 301. Principles of Finance (only if not completing COB 300) 3
FIN 360. Analytical Methods in Finance 3
FIN 371. Principles of Investments 3
FIN 380. Elemental and Derivative Securities Analysis 3

Concentration in International Economics
Students who elect a major in economics (B.S., B.A. or B.B.A.) with a concentration in international economics are required to complete the following courses:

Required International Economics Courses Credit Hours
GECON 200. Introduction to Macroeconomics 3
ECON 201. Principles of Economics (Micro) 3
ECON 331. Intermediate Microeconomic Theory 3
ECON 332. Intermediate Macroeconomic Theory 3
ECON 370. International Trade 3
ECON/FIN 372. International Finance 3
ECON 385. Econometrics 3
ECON 488. Senior Capstone Seminar in Economics 3
Choose two of the following: 6
ECON 301. Economies in Transition
ECON 312. Comparative Economic Systems
ECON 365. Economic Development

Two 400-level economics electives 6

In addition, students completing this course of study must have a genuine international experience (such as an internship or semester abroad) and must complete a foreign language through the civilization course, including all of the prerequisites for that course.

Concentration in Political Economy
Students who elect a major in economics with a concentration in political economy are required to complete the following courses:

Required Political Economics Courses Credit Hours
GECON 200. Introduction to Macroeconomics 3
ECON 201. Principles of Economics (Micro) 3
ECON 331. Intermediate Microeconomic Theory 3
ECON 332. Intermediate Macroeconomic Theory 3
ECON 385. Econometrics 3
ECON 488. Senior Capstone Seminar in Economics 3
Choose four of the following: 12
ECON 312. Comparative Economic Systems
ECON 326. Public Finance
ECON 327. Game Theory
ECON 405. Political Economy
ECON 426. Theory of Public Choice

Two 400-level economics electives (which can include ECON 405 and/or ECON 426) 6

Concentration in Socioeconomics
Students who elect a major in economics with a concentration in socioeconomics are required to complete the following courses:

Required Socioeconomics Courses Credit Hours
GECON 200. Introduction to Macroeconomics 3
ECON 201. Principles of Economics (Micro) 3
ECON 331. Intermediate Microeconomic Theory 3
ECON 332. Intermediate Macroeconomic Theory 3
ECON 385. Econometrics 3
ECON 488. Senior Capstone Seminar in Economics 3

Two 400-level economics electives 6

Minor Requirements

Economics Minor
The minimum requirement for a minor in economics is 18 credit hours in economics, including ECON 201, Principles of Economics (Micro); GECON 200, Introduction to Macroeconomics, and at least six credit hours of either 300 or 400 level economics courses. Students may not receive credit towards the minor in economics for both ECON 270 and ECON 370.

Preparation for Graduate Study in Economics

While not formal requirements, students intending to pursue graduate work in economics are encouraged to select as many of the following courses as possible:

Courses Credit Hours
ECON 431. Advanced Microeconomic Theory 3
Choose one of the following: 3
ECON 430. Monetary Policy
ECON 432. Advanced Macroeconomics
ECON 484. Mathematical Economics 3
MATH 235-236-237. Analytic Geometry and Calculus I-II-III 12
MATH 238. Linear Algebra with Differential Equations 4
MATH 318. Introduction to Probability Theory and Statistics 4
MATH 336. Elementary Differential Equations 3
PHIL 250. Introductory Logic 3

Credit by Examination
Credit in ECON 201, Principles of Economics (Micro) will be granted to students who achieve a grade of 4 or 5 on the Advanced Placement Test in Microeconomics administered by the Educational Testing Service. Credit in GECON 200, Introduction to Macroeconomics, will be granted to students who achieve a grade of 4 or 5 on the Advanced Placement Test in Macroeconomics.
