Business Analytics Minor Application Form

Business analytics focuses on the effective use of data and information to provide fact-based insights and drive positive business actions. The minor in business analytics prepares students solve complex decision problems in a business environment with a combination of quantitative skills and hand-on expertise using current software applications.

Students seeking to add the BSAN minor must submit an application by **November 1st**. Applications are reviewed once a year after the November 1 deadline. Students will be admitted as a cohort each fall to start the BSAN minor in the spring. **Students must be able to take the 300-level BSAN courses on a schedule of one per semester in a three-consecutive semester period.**

*A complete application to the minor includes this form and a letter of recommendation from your COB 291 instructor.*

Name: __________________________________________________________

JMU ID number and email address: ________________________________

Major(s): ________________________________________________________

Semester for expected graduation: ________________________________

Admission to the BSAN minor depends on a student’s performance in one course from each of the following 4 competency areas:

- One introductory **management science** course (COB 291 or equivalent)
- One introductory **calculus** course (MATH 205, MATH 231, MATH 235, ISAT 151 or equivalent)
- One **statistics** course (COB 191, MATH 220, MATH 285, MATH 318, ISAT 251, or equivalent)
- One **economics** course (ECON 200 or ECON 201)

Admission is based on an average of a student’s highest grades in one course from each competency area and the letter of recommendation, and is subject to space availability.

In the table below, indicate the courses for the competency areas you have either completed or are in the process of completing.

<table>
<thead>
<tr>
<th>Competency Area</th>
