EDU 200	Introduction to Teaching as a Profession	3	X	X	X
General Electives		6	X	X	X

Total Credits Required for Associate in Arts and Sciences Degree / Secondary Education – English Option – 59-62

ACADEMIC ADVISING NOTES for SECONDARY EDUCATION – ENGLISH TRANSFER STUDENTS

APPROVED ELECTIVES

- EDU 200, *Introduction to Teaching as a Profession*, if taken under this agreement, will meet the requirements for EDUC 300, *Foundations of American Education*, at JMU.
- Electives may be selected from the list of approved courses for the Associate in Arts & Sciences (AA&S) degree. See the community college catalogs for this listing. Approved electives are also available from the community college advisors or Counseling Center.

PRAXIS I

- Students should take the state-mandated assessment required for admission to Virginia teacher education programs (currently Praxis I or equivalent) during the first semester of their sophomore year at the community college or as soon as they have completed English 111 and a Math course. **All students must pass this state-mandated assessment prior to being admitted to JMU's teacher education program under this agreement.**

GENERAL ACADEMIC NOTES FOR STUDENTS TRANSFERRING TO JMU SECONDARY EDUCATION PROGRAMS

- Students should meet regularly with their community college education advisor to complete the Intent Form and to monitor their progress at the community college.
- Secondary education students who take SDV 110, *Orientation to Teaching as a Profession*, will receive two credits for JMU's MSSE 101, *Orientation to the Profession*, and one credit as a general elective. Transfer credit will not be granted for SDV 101.
- This program results in a B.A. degree, so transfer students must also meet JMU's foreign language and philosophy requirements. The foreign language requirement may be satisfied by successful completion of the second semester of the intermediate level of the student's chosen language (typically 200-level coursework) or by placing out of that language through the JMU Department of Foreign Languages, Literatures and Cultures' placement test. The foreign language and philosophy requirements typically may be met at the community college level; see the JMU catalog for more information.
- Students should contact the JMU Admissions Office to apply for admission to the university and for information on housing, financial aid, etc. They must attend a transfer orientation at James Madison University prior to transfer and are strongly encouraged to meet with education faculty at that time.
- The deadline for transfer students to apply for admission to the teacher education program under this agreement is prior to their first semester of enrollment at James Madison University.
- There are additional requirements for admission to teacher education programs at James Madison University. Furthermore, JMU teacher education students in some education programs may be required to complete a master's degree in addition to the bachelor's degree in their major. It is strongly suggested that students obtain a JMU catalog and read their major and education sections very carefully.
- Students who transfer in the spring may need to extend the time to obtain their degree because of course sequencing.
- See the following websites for more information:
