

## Bachelor of Science with a Business Minor

This major/minor program prepares the student for entry-level engineering management and project management positions. The student is prepared to plan, organize, direct, and control engineering projects, programs, and/or facilities. In addition the program provides a foundation for graduate study in engineering management programs.

In addition to the progression standards set forth for the engineering program, a grade point average of 2.0 in the business minor is required for graduation. This program of instruction also will require a total of 126 credit hours.

REQUIRED COURSES	CREDIT HOURS
ENGR 221. Management of Technology I	3
ECON 201. Principles of Economics (Micro)*	3
MKTG 380. Principles of Marketing*	3
ENGR 322. Management of Technology II	3
ACTG 244. Accounting for non-Business Majors*	3
COB 204. Computer Information Systems*	3
FIN 345. Finance for the non-Finance Manager* ( <i>ACTG 244 is a pre-requisite for FIN 345</i> )	3

\* These courses, collectively fulfill the 9 credit approved technical elective package for the Bachelor of Science in the School of Engineering.

NOTE: Some courses may have pre- or co- requisites that are not included in the credit total. It is the student's responsibility to fulfill any pre- or co- requisites required.
