

Collage Poem # 1

written by students in Hodge Podge, Adage, and Collage block 1

I love eating and swimming in my grandpa's pool
Summer is fun, summer is cool.
This summer, oh this summer is grand
There's lots of fun things like splashing
I am splashing in a big pool full of flowers
Colorful sky pool
The butterflies fly in the summertime blue skies.
When the sun goes down the colorful sky lights up
A world full of wishing
Nights of stars and lightening bugs
The blue sky lights the way

Collage Poem # 2

written by students in Hodge Podge, Adage, and Collage block 2

I love the summer, it's fun.
Firetail's favorite season is summer.
I rode in two airplanes
I had an awesome time when I went to Florida on my birthday.
I love summer fun
Going to the beach and fair
A week at the beach
Long days at the pool
The thing I hate the most about summer is I miss my friends!
Under the big blue sky
Water is splashing up on my jeans
Summertime is fun
Fun fun fun I am feeling GOOD
I see summer coming for the sky. Honeybees buzz in my ear.
Butterflies flying to flowers, honeybees making honey. Blue skies yellow sun.
Summer makes me hmmmmm
Look at the blue, colorful sky!
Slice, orange, orange orange, peel
Ocean, ocean, ocean, BUBBLE ocean, ocean

Collage Poem # 3

written by students in Hodge Podge, Adage, and Collage block 3

Upside down! On the ground! Dizzy Dizzy falling down
Butterflies fluttering
Honeybees not
During my red hot summer I'm swinging on the swings.
I love when I run in the backyard and a little blue butterfly
tickles my nose telling me a story.
I made sandcastles then we went
bike riding then on the last day we had...
chocolate ice cream.
I like to skateboard to the ice cream shop.
I love summer! Playing in the waves, splashing in the water at Atlantic City!
There's lots of soccer games and there is a swimming pool with water slides.
In the summer it rains really cold but they never cancel baseball games
What I did this summer
I went to Boston, Massachusetts
Warning: Never eat mac and cheese there.
