**Section 4: Executive Summary**

The Executive Summary is a brief overview of the activities and accomplishments of the unit. Here, write a narrative of 1-3 short paragraphs highlighting the key unit achievements for 2014-2015.

- Tell the unit’s story for the year.
- Of what are you most proud?
- What achievements were most important?
- Which ones provide direct support for the university’s mission/vision?
- Which of the university’s core qualities received the most attention? How?
- What were key changes the unit underwent?
- What were challenges?

1. Click on the Executive Summary field.

2. Click Edit to open the composition window.

   a. Enter the Executive Summary in the large text space.

   Using the copy/paste instructions in the previous section, enter the text.

   b. After the information has been entered, click the “Mark as complete” box.

   c. To save this information, click “OK” in the bottom left.
Section 5: Unit Accomplishments

Record the notable accomplishments of the unit. The primary difference between the Executive Summary and the Unit Accomplishments is that the Executive Summary is a narrative designed to walk the reader through just the highlights of the unit’s year. Unit Accomplishments is a bulleted list of all accomplishments that were significant enough that you would like them noted by your supervisor and division head. Most will be accomplishments generated from the objectives you listed in the STAR-TOOL, but your list may include other accomplishments as well. It’s likely that any accomplishments from the executive summary section will be repeated/re-stated in the Unit Accomplishments section.

1. Click on the Unit Accomplishments field.

2. Click Edit to open the composition window.

   a. Enter the Unit Accomplishments in the large text space.

   b. After the information has been entered, Click the “Complete” box in the bottom right.

   c. To Save this information, Click “OK” in the bottom left.
Section 6: Individual Faculty/Staff Honors and Accomplishments

Record the notable Individual Faculty/Staff Honors and Accomplishments. This is your opportunity to note individual (or team) faculty or staff awards, honors, recognitions or achievements.

1. Click on the Individual Faculty/Staff Honors and Accomplishments field.

2. Click Edit to open the composition window.

a. Enter the Individual Faculty/Staff Honors and Accomplishments in the large text space.

b. Format/organize information as needed using the formatting tools (bold, bullet, etc.).

c. After the information has been entered, Click the “Complete” box in the bottom right.

d. To Save this information, Click “OK” in the bottom left.
Section 7: Contribution to the President’s Annual Accomplishments Report

The President’s Annual Accomplishments Report is a different document than the Annual Report generated through the process you have just completed, although the two documents have some common content. It is used by the president in his speeches and communications and by other university leaders in promoting noteworthy university achievements to various constituencies.

Section 7 is your opportunity to suggest items from your unit achievements in 2014-2015 to be included in the President’s Report and to organize those accomplishments using the 9 categories in sections 7.1 through 7.9. Every item in Section 7 will be something already included in sections 4 through 6. (Repeating it here is your way of recommending it for inclusion in the President’s Report.)

To complete Section 7, copy items from sections 4 through 6 and paste each into its appropriate category of Section 7. It’s likely you will not include a contribution in all of the sub-categories below.

If you believe a particular accomplishment/achievement fits in more than one category below, paste it into both.

The first field (University Accomplishments to be recognized and celebrated) is the header; do not enter information in this box.
