Expanding Your Horizons (EYH)
Math and Science Conference for Young Women

If you enjoy trying new things, learning new ideas, and are interested in math and science, then you should attend EYH!

EYH is a fun day of math and science activities, including hands-on workshops with JMU faculty and opportunities to interact with JMU students studying math and science! Workshops are aimed for young women in grades 6-10. Parents and teachers are invited to accompany students.

Workshops will be announced on the website in the coming months.

Advance registration is required.

Online registration will open February 26, 2016. Please register early, as limited spaces are available.

9:20 a.m. - 3:15 p.m.
