Contract Information:

The Maximus Contract provides for the License Agreements, Maintenance, and Technical Support in regards to the following:

1. **The Comprehensive Rate Information System (CRIS)**- a PC-based product that is used to calculate F&A rates and support indirect cost reimbursement related to Federal and other sponsored programs.
2. **Effort Reporting System (ERS)**- a web-based application with electronic routing and email notification for certifying effort (CERT) and for managing and tracking effort commitments (CEM). ERS provides an institution with a complete tool and process for meeting federal regulations and agency expectations regarding the Effort Reporting Process.
