

Can I Get There on Time?

*Note:
This is a general guide. Each student is different, so the best way to see if your schedule works is to walk it, and see how long your transit takes.*

Do you have back to back classes? Find your class locations on the diagram above...

- If you see a line connecting the two buildings, you will have time to walk to your next class in the allotted 15 minute break.
- If you don't see a connecting line, you may need to change your schedule, or check out the JMU bus schedule at <http://www.ci.harrisonburg.va.us/index.php?id=648>.
