

Collaborative Creating a climate that fosters innovation together

JMU-RMH Collaborative Collaboration After Hours Event October 30, 2007 5:30-7:00pm

The JMU-RMH Collaborative Steering Team invites you to a very special occasion: the **JMU-RMH Collaboration After Hours** event. This event will continue the efforts and successes of exploring the collaborative possibilities between James Madison University and Rockingham Memorial Hospital.

The Goals of this After-Hours Event:

- Networking
- Relationship/Connection-Building
- Engagement around specific themes that have been previously identified as focused areas of collaboration

Each table will be identified with a collaboration theme to focus the discussion on specific opportunities for collaboration:

- Teaching/Learning Initiatives
- Research/Evaluation/Assessment Initiatives
- Technology/Informatics
- Service/Community Outreach Initiatives
 - Language Interpretation
 - Care Center
- Administrative/Management Initiatives
 - Clinical Initiatives
 - Geriatric Care
- Environmental Initiatives
- Integrative Health Initiatives

Officially launched in January 2007, the JMU-RMH Collaborative was established to enable members of both organizations to understand and value each other's goals, share information and resources, and provide an environment that encourages new ideas and celebrates collaborative accomplishments.

JMU-RMH Collaborative
