

STRATEGIES FOR SUPPORTING YOUNG CHILDREN WITH AUTISM

February 13 and 14, 2012
Holiday Inn Monticello, Charlottesville

Strategies for Supporting Young Children with Autism is a **two-day** workshop designed to introduce participants to effective strategies for supporting young children (to age 5) with autism in preschool, home, and community environments. A focus is placed on strategies designed to support social, play, communication, and sensory concerns with young children. Participants in this workshop should have a basic understanding of autism spectrum disorders. Participants **must** attend both days of training. It is geared toward service providers and parents of very young children with ASD.

Amanda Armstrong, Cheryl Henderson, and Cathy Cook from Region 5 T/TAC @ JMU will present both days.

Registration: 8:15 – 8:45 a.m.

Training: 9 a.m. – 4 p.m.

Fee: \$30 per person

Seating is limited so participants must register in advance

Fee includes two days of training, and lunch and light refreshments each day.

Registration and payment must be received by January 31, 2012.

To register please return the attached form with payment.
