

Workplace Readiness Skills for the Commonwealth

Pre-school – K

School

Professional Knowledge and Skills

11. **Health and Safety:** Follows safety guidelines and manages personal health

Objective: The student will demonstrate caution with common dangers and tell someone when they are hurt or sick.

Activities:

1. Role-play and model solutions about dangerous situations (e.g. strangers, ball going into street, broken glass, hot/cold items, using the playground equipment, etc.).
2. Use puppets/baby dolls that help show where they are hurt or how they are sick; have a doctor kit to play with at school that they can also use when discussing illness.
3. Read books about going to the doctor and dentist as well as how a fireman and policeman are community helpers.
