

# Workplace Readiness Skills for the Commonwealth Grades 11 – Post High School

## Professional Knowledge and Skills

16. Mathematics: Uses mathematical reasoning to accomplish tasks

**Objective:** Student will determine living arrangements based on income.

**Activities:**

1. Student will use personal income (e.g. SSI, SSDI, pay check) to determine monthly income. Students will determine desired living arrangements (living at home, living in an apartment, living in an apartment with roommate). Using the internet student will determine living possibilities based on income.

**Objective:** Student will determine cost of a meal.

**Activities:**

1. Student will estimate a cost of a meal. Using circulars/ads from the newspaper student will determine actual cost of meal. Students will discuss similarities and differences in estimated and actual costs.

**Objective:** Student will fill out tax forms.

**Activities:**

1. Teacher will go over fax form information. Given an example student will correctly fill out tax forms.
