

Workplace Readiness Skills for the Commonwealth Grades 1 – 2 School

Technology Knowledge and Skills

21. **Telecommunications:** Selects and uses appropriate devices, services, and applications

Objective: The student will learn about 3 different devices and how they may be used in the workplace.

Activities:

1. Show the student 3 devices such as the computer, cell phone or Smartphone, and IPAD. Discuss what they do. Students will share ideas about how they can be used to do a job.
2. Teach the usefulness and limitations of Smartphone and IPOD technologies.
