

Reading Access through Technology for All Students

What you always wanted to know about AT and Reading and how it can help all students!

Workshop with
Kelly Fonner & Bob Keller

Assistive and Educational Technology Trainers and
Consultants from Wisconsin

Sponsored by Virginia Department of Education's
Assistive Technology Priority Project

This **free** one day workshop will provide the opportunity to grasp an understanding of the AT that is available to assist students with reading skills. There will be a presentation by nationally-known speakers followed by hands-on learning with software and materials. Continental **breakfast** and **lunch** provided. Certificate of attendance will be given. Register online at <http://www.ttaonline.org> limited to **100 participants** at each site.

Tuesday, July 22nd, 2008

Best Western Conference Center (Waynesboro, VA)
9AM - 4PM

OR

Thursday, July 24th, 2008

The OMNI Conference Center (Newport News, VA)
9AM - 4PM

What tools are available to assist the student with learning the content material?

What assistive technology is available to help students
who are struggling readers?
