Virginia Career View

Virginia Career VIEW is the Commonwealth's comprehensive career information delivery system that is organized around the career cluster model. The web site provides information and activities for students, parents and educators from Kindergarten through 12th grade. From Virginia Career VIEW, you can follow the link to Virginia's Career Planning System powered by Kuder (va.kuder.com), Virginia's comprehensive electronic career portfolio. Public school students from grade 6 through grade 12 and students enrolled at the community colleges can take career assessments to learn more about their interests, skills and work values. The information is organized around career clusters, allowing students to follow a career pathway from high school through all the post-high school educational options

available. Job search tools, resume builders and college search programs allow students to fill their life-long electronic portfolio with valuable information.
