

# WIX vs weebly

What's best for you?

## WIX

## WEEBLY

Creative Control

Much more creative options, you make every decision (can get overwhelming!)

Less creative options for layouts, but does a lot of the work for you (keeps consistency with fonts and headers)

Theme

Cannot change your theme directly, but can redesign elements to your liking

Can change your theme at any time and your content will transfer

Features

Offers more features so you can get more advanced with your site: lightboxes and anchors

Offers basic tools, like images and buttons, but doesn't have advanced options

Time

You'll spend your time editing because it has more layout options.

Fewer layout options means you'll spend minimal time editing your template.

Ease of use

Easier to execute complex design tasks on your website

Simpler dashboard means it is easier to navigate.

Wix and Weebly both share some great features:
