

Learning Centers

About the Learning Centers

Our mission is to enhance the quality of academic work through customized instruction, scholarly investigation, and faculty and student development. Our programs support classroom learning with particular emphasis on building confidence, collaboration skills, and content mastery. The individual programs and centers that make up the Learning Centers department maintain distinctive practices appropriate to their disciplines and missions.

Learning Center Services

The Learning Centers offer free tutoring by trained faculty, graduate students, and undergraduate students. Our five programs offer discipline-specific, customized instruction to help JMU students take their learning to the next level.

So if you're struggling with a course, want to talk over a paper you're working on, or want feedback on a presentation you're preparing, the Learning Centers' team can help! Each of our programs have a wide range of tutoring and support services, but we're all focused on empowering you to succeed in your academic work.

In-Person and Online

Students can select either in-person or online tutoring, consultations, or study sessions, depending on the program. Please visit each individual program's webpage to learn more about services being offered and instructions for access. We also have many resources, videos, and tutorials available for you online!

Visit jmu.edu/learning for more info about Learning Center Programs.

Communication Center - SSC, Room 1143

[*jmu.edu/commcenter*](https://jmu.edu/commcenter)

The Communication Center helps students with public speaking, class presentations, library research, and small group tutoring.

Multilingual Student Services - SSC, Room 1146

[*jmu.edu/learning/multilingual-services*](https://jmu.edu/learning/multilingual-services)

Multilingual Student Services helps non-native English speakers improve their skills with reading, writing, speaking and listening.

Peer-Assisted Study Sessions - SSC, Room 1141

[*jmu.edu/pass*](https://jmu.edu/pass)

Supplemental Instruction supports selected historically challenging courses in science, math and business.

Science & Math Learning Center - SSC, Room 1100

[*jmu.edu/smlc*](https://jmu.edu/smlc)

The Science and Math Learning Center reinforces learning in selected first-year math and science courses.

University Writing Center - SSC, Room 1121

[*jmu.edu/uwc*](https://jmu.edu/uwc)

The University Writing Center provides writing tutoring in any subject, during any stage of the writing process.
