Prospective Freshmen Portfolio Requirements:

PORTFOLIO CONTENTS: For on and off-campus portfolio feedback sessions:

- Portfolios should consist of 10-12 images of the applicant’s best work. The portfolio should contain a variety of works that demonstrate creative ability, visual arts skill, and/or design potential.
- Images of both two and three-dimensional projects using a variety of media are encouraged.
- Studio or design projects based on copying photographs or images from magazines are highly discouraged.

If attending a portfolio feedback session, be prepared to discuss your art or design work related activities such as awards, exhibits or art club responsibilities, and your future goals in art.

When submitting a digital portfolio via the School’s SlideRoom dropbox (located on the school’s webpage), please review all requirements prior to submitting your digital images.

Accepted Studio and Design work includes:
- 2- and 3-dimensional artwork
- Adobe Photoshop, Illustrator, InDesign (digital media)
- Technical Drawings
- CAD
- Digital Fabrication work
- Engineering, metal, and vehicle projects
- Time based media
- Woodshop projects
