

JMU students - Apply now to be part of ISAT 480: Problems in Production Systems.

Be part of a team that delivers real, measurable results to local business and industry by:

- Collecting and analyzing data
- Identifying and evaluating alternatives, and
- Proposing solutions that eliminate problems and mitigate risk

Interested?

Prepare a brief response to each of the following items, and submit the online application no later than **5:00 pm on Tuesday, April 17th**.

1. What is your interest in taking this course?
2. Describe your experience working on projects outside of class. (Work experience, internship, student organization, etc.)
3. What knowledge, skills and abilities do you bring to a multi-disciplinary team?
4. Please list any additional certifications, languages, software/hardware or other skills that you possess. (Be specific and avoid using abbreviations.)

Each response is limited to a maximum of 800 characters. When you are ready, submit your application here:

http://jmu.co1.qualtrics.com/jfe/form/SV_0HbJ1pNZ8KOKm7H

You must be a rising junior or senior and have successfully completed a 200-level (or above) statistics course.

Due to the limited number of projects available, enrollment will be capped at 12 students and remaining students will be placed on a wait list and contacted over the summer if additional projects are confirmed.
