Part 3: Executive Summary

Guided by National Association of Colleges and Employers (NACE) standards, the University Career Center (UCC) compiles data on the post-graduation pursuits of JMU graduates. For the Class of 2021, the UCC collected results from 73.8% of undergraduates and 72.3% of graduate students.

For bachelor's degree recipients in the class of 2021, 95.6% of undergraduates achieved a career outcome. Of these, 72.9% went to work full time or part time, 22.9% continued their education. For those without an outcome, 4.0% were still seeking employment or education, and the remaining 0.2% were not engaged or not seeking. The most popular areas for undergraduates working included Virginia, Washington D.C., Maryland, and New York. For those undergraduates working in Virginia, 48.4% were working in Northern Virginia, 22.2% were in Central Virginia, and 17.6% were working in the Shenandoah Valley. Education, business, and occupational/physical therapy were the most popular continuing education programs pursued.

For advanced degree recipients in the class of 2021, 98.1% achieved a career outcome. Of these, 93.5% were working full time or part time and 4.6% pursued additional education. For the 1.9% without a career outcome, they were still seeking. Virginia, Washington DC, and Maryland were the most popular areas for advanced degree candidates to work. Of those working in Virginia, 32.2% worked in the in Northern Virginia, 31.0% worked in the Shenandoah Valley and 23.3% worked in Central Virginia.
