Part 3: Executive Summary

Guided by National Association of Colleges and Employers (NACE) standards, the University Career Center (UCC) compiles data on the post-graduation pursuits of JMU graduates. For the Class of 2022, the UCC collected data on 75.6% of undergraduates and 62.8% of graduate students.

For bachelor's-degree recipients in the Class of 2022, 96.1% of undergraduates achieved a career outcome. 74.6% of undergraduates went to work, while 21.5% continued their education. For those without an outcome, 3.5% were still seeking employment or education, and the remaining 0.4% were not engaged or not seeking. The most popular areas for working undergraduates included Virginia, Washington, D.C., and New York. Of those undergraduates working in Virginia, 44.5% were working in Northern Virginia, 24.4% were in Central Virginia, and 16.8% were working in the Shenandoah Valley. Education, health professions, business, management, and marketing were the most popular pursuits in continuing education programs.

For advanced degree recipients in the Class of 2022, 97.2% achieved a career outcome. Of these, 93.3% were working and 3.9% were pursuing additional education. For the 2.8% without a career outcome, they were all still seeking. Virginia and Washington, D.C. were the most popular areas for advanced degree recipients to work. Of those working in Virginia, 39.7% worked in the in Northern Virginia, 34.1% worked in the Shenandoah Valley, and 15.6% worked in Central Virginia.

The full career outcome report is available at www.jmu.edu/career.
