FIELD PLACEMENT

Intern, *Center for Marriage and Family Counseling*, Harrisonburg, VA (Jan 20XX – Jun 20XX)

- Completed over 150 hours of experience in a counseling office under the supervision of licensed counselors
- Observed supervised parent visitation and kept case notes on parent and child interaction and relationship development throughout visit
- Participated in group counseling and support sessions of 10-12 college to adult age individuals
- Reviewed files for retrieval of client information to provide counselors with case reviews
- Previewed new educational materials for use in treatment
- Researched techniques to prevent relapse in substance abuse treatment aftercare programs and created a program starter aid for treatment center participants

Intern, *Healthy Families Page and Shenandoah Counties*, Stanley, VA (Jan 20XX – Apr 20XX)

- Earned over 120 hours of home visiting experience under the supervision of a certified home visitor from the program as well as one-on-one interactions with licensed counselors
- Participated in interpersonal sessions with practicing counselors, home visitors, and clinicians to discuss specific cases of clients and share professional opinions
- Accompanied home visitors on visits with families, aided in administering services to parents and children to provide resources and guidance on relationship building and home programming
- Scored psychological assessments when needed

VOLUNTEER WORK

Volunteer, *Boys and Girls Club*, Harrisonburg, VA (Sept 20XX – Present)

- Design art projects to foster creativity and provide students outlets for self-expression
- Provide students aged 7-15 assistance on homework assignments on various subjects
- Develop physical fitness programs to help reduce stress, advance interpersonal skills, promote a positive use of leisure time, and an appreciation for the environment.

RESEARCH EXPERIENCE

Senior Research Project, *Department of Psychology*, JMU (Aug 20XX – Present)

- Instruct and supervise participants during a computerized test of critical thinking
- Interpret research results utilizing SPSS software to complete ANOVA analysis
- Assemble literature review of previous work pertaining to critical thinking in timed testing

INVOLVEMENT

Vice President, *Psi Chi Psychology Honor Society*, JMU (Sept 20XX – Present)

Student Member, *American Psychological Association*, JMU (Oct 20XX – Present)
