MISSION
The YCP inspires all learners by providing tools and opportunities for growth through exploration, investigation and discovery.

VALUES
We collaborate with our community, leveraging support and access to quality resources, diverse skill sets, and a broadened knowledge base.

We honor intentional experiences and interactions that provide a solid foundation for high quality early childhood education.

We build positive, respectful, lasting relationships with our families, students and community partners.

We believe that learning should be student-centered and built upon the needs and interests of all learners.

We are an inclusive program where all students have the opportunity to be full and active participants.

About the YCP

The Young Children's Program is an early learning program operated by James Madison University College of Education.

- Each class is led by a Master teacher
- NAEYC Accredited
- Learner Driven

Professional training, skillful observation, and personal, caring relationships with each child and family enable teachers to make curricular decisions that facilitate optimal growth and learning.
