

# Chemistry Pre-Job Fair

Presented by JMU Student Affiliates of the American Chemical Society

and Alpha Chi Sigma

October 13, 2017 @ 3:30 pm

JMU's Integrated Science and Technology Building (ISAT)

Rooms 159 and 136

## **OUR MISSION:**

1. **Open students' eyes about the opportunities available as part of the chemistry department and more to better prepare them for post graduation plans**
2. **Help students learn more about what they might want to do post graduation**
3. **Give students tips and pointers for how to be the best candidate for what they decide to do post graduation**
4. **Have a "one-stop shop" for where students can see all the resources available to help them get where they want to go post graduation**

## **WHO WILL BE THERE:**

1. **JMU Career and Academic Planning**
  - a. Get help with your resume and LinkedIn!
2. **Local Companies with potential chemistry-oriented positions**
  - a. Merck Pharmaceuticals, MillerCoors, and more!
3. **Recent JMU Chemistry Alumni**
  - a. Including those working in industry, working for agencies, and attending graduate school
4. **Our very own research-active faculty**
  - a. Great opportunity to see the wide array of research opportunities offered at JMU and get to know our faculty

## **WHAT TO BRING:**

1. **Your resume**
2. **Your questions about joining a research lab**
3. **Your questions about how to be a better competitor in the job market**
4. **Your open ears to try to gain all the tips and knowledge you can**
5. **Most importantly your smile 😊**

**This will be a great time to learn about all the opportunities there are in chemistry-related fields before and after graduation!**

**Have FUN learning!**

If you have any questions, please contact

**Kearney Foss, Senior at JMU**
