

## Applying for Initial Virginia Teaching Licensure

In order to apply for a license in Virginia upon completion of an education program, candidates can submit their licensure packets through:

- 1) The Education Support Center (ESC) – the ESC will collect all materials and support candidates in submitting a complete application to the Virginia Department of Education (VDOE) based on state requirements for licensure (see page 1-2 for details);
- 2) Licensure Designee in School Division – a candidate who is hired to a position in Virginia can apply for licensure through their Human Resource department. The candidate will need to make a request to the ESC to complete a College Verification Form. (see page 3 for details)
