Waynesboro City Public Schools appreciates your interest in becoming a student teacher for our division. All student teachers require a Fingerprint and Central Registry background check **before** they begin student teaching.

It is required that you schedule an appointment at least two weeks prior to beginning your placement. Please bring a current photo ID with you to the appointment.

In order to facilitate this process, please contact Sheila Torain at (540) 946-4600 ext. 8119. At this time, there is no fee to complete your background check through Waynesboro City Public Schools.
