

## Student Teaching in Prince William County

No later than July 1 (for fall placement) or November 1 (for spring placement), students interested in completing a practicum or internship with PWCS must:

- Complete a PWCS Sub/Temp/Volunteer [online application](#).
- Obtain a negative [Tuberculosis \(TB\) test result](#) dated within the last 12 months at a medical facility of your choosing.
- Read, print, and complete the acknowledgement form for [Regulation 511.10-1](#). Submit to the school of assignment's office the first day you report. If you are placed in multiple schools, you should submit a form to each school.
- Once your placement has been approved, you will be e-mailed directions to complete an online orientation and come to the Kelly Leadership Center for fingerprint/mandate processing.

[If you are a current employee](#), including substitute, and you have already completed this process you do not need to do so again at this time.

Prince William information can be found at:
