MISSION STATEMENT

We are an inclusive early childhood education community dedicated to growing life-long learners through high quality teaching, research, and outreach.

TENETS

The teachers and staff of the YCP support the following learner-oriented tenets:

- We nurture resiliency, responsibility, and the capacity for learners to connect to themselves, others, and their world.
- We value learner's interests and offer experiences that provide play-based as well as structured opportunities to explore, investigate, and discover.
- We connect to our natural world daily.

VALUES STATEMENT

The YCP...

- Collaborates with the community, leveraging support and access to quality resources, diverse skill sets and broadened knowledge.
- Creates intentional experiences that provide a foundation for high-quality early childhood education.
- Builds positive, respectful relationships with our families, students and community partners.
- Believes that learning should be student-centered and built upon the needs and interests of all learners.
- Is an inclusive program where all students have the opportunity to be full and active participants.

YCP GOALS

Goal 1: Grow in independence and self-sufficiency.

Goal 2: Develop enthusiasm and skills for learning.

Goal 3: Grow in the ability to interact positively with others.

Goal 4: Increase personal awareness and self-regulation skills.

Goal 5: Grow in the ability to use language efficiently.

Goal 6: Value individual creativity and self-expression.

Goal 7: Construct knowledge through experience and inquiry.

Goal 8: Develop and refine more skills.

Goal 9: Make choices that support personal wellness.

PROGRAM DESCRIPTION

The Young Children's Program is an early learning program operated under the direction of James Madison University College of Education. Its curriculum, environment and organization are based on professional standards and research related to learning and development of young children. There are two locations on campus: Anthony-Seeger Hall and Memorial Hall.

The Young Children's Program recognizes that children's development is best facilitated through cooperative efforts of family members and the school. Family members are welcome contributors to the curriculum and are encouraged to be involved in ways that support their children's adjustment and growth. Avenues for communication vary and are personalized to meet the needs of all families.

In addition to providing a high-quality educational experience for children and their families, the Young Children's Program serves as a laboratory site for JMU teacher education, occupational therapy, communication disorders and music education students. They assist the teachers and provide individual attention in ways that are positive and supportive to children. The YCP collaborates with JMU CARE to serve as a setting for professional observation and research within the University community.

The YCP is accredited by the National Association for the Education of Young Children.

VIRGINIA DEPARTMENT OF EDUCATION (VDOE)

The Young Children's Program is licensed by the Virginia Department of Education. The VDOE licensing requirements for early childhood programs can be found at the following link:

<https://www.childcare.virginia.gov/home/showpublisheddocument/139/637889035196970000>

CURRICULUM

The most critical component of the Young Children's Program curriculum is the demonstration of sincere respect for every child. It is each teacher's responsibility to know the children personally; their special interests, fears or needs for dependence, out-of-school routines, activities, family values and dynamics. This is accomplished through consistent and meaningful interaction with each child, careful observation and assessment within the school environment and the development of a cooperative and communicative relationship with all families.

The Young Children's Program has adopted the Frog Street Curriculum. The Frog Street curriculum is a comprehensive, dual-language program designed to meet the needs of diverse learners while supporting developmental learning domains. The curriculum aligns with our mission to support the growth of each child in all areas of development: physical, social, emotional, cognitive and language. Professional training, skillful observation and personal relationships with each child and family enable teachers to make curricular decisions that facilitate optimal growth and learning. Assessment results, both formal and informal, guide individualized learning plans.

Program goals represent the areas of development and provide the framework of the curriculum. They are aligned with Virginia's Early Learning and Development Standards (VDOE). All choices relating to short-term and long-term planning reflect these guidelines with the understanding that children construct knowledge through interaction with materials, people and the environment, as such interactions are important to learning. These curriculum tools can be modified to meet the languages spoken by families in our program.

The curriculum includes a research-based scope and sequence for literacy, math, and content domains. It acknowledges the individual needs of all learners and includes strategies for differentiated instruction and adaptations for special needs or English Language Learners. Cultural responsiveness strategies are also embedded with prompts to assist teachers in maintaining an anti-bias mindset. The curriculum incorporates components of Conscious Discipline which is a comprehensive classroom management program and a social-emotional curriculum.

ASSESSMENT

Assessment of children's development and learning is an integral part of the curriculum. The information gathered through purposeful assessment enables teachers to plan experiences for children that are personally meaningful, appropriately challenging and consistent with their development. For this reason, the YCP assessment program is an ongoing process, specifically designed to facilitate the collection of data on each child's growth in the developmental areas identified in the program goals.

Communication with families about their child's development and progress toward program goals is scheduled two times a year. This kind of sharing occurs in ways that are mutually agreeable. Parents have the opportunity to review and contribute to the developmental information during formal conferences or on additional occasions as requested. Conferences may be initiated by a teacher or family member at any time throughout the year.

The success of a dynamic, child-centered curriculum is dependent on the teachers' understanding of child development and their knowledge of individual children. YCP teachers know how young children learn and incorporate this understanding as they plan activities and provide materials that will be motivating and intellectually engaging and meet the needs and interests of each learner. Every aspect of the curriculum, classroom and the daily routine, reflect extensive knowledge of child development. In addition to facilitating meaningful planning, this knowledge provides teachers with a basis for assessing the development of individual children. Assessment informs the planning of experiences that will support optimal learning and growth for each child.

Because the YCP program goals represent assessment in all developmental domains, the data collection process constitutes an effective screening instrument. However, if areas of concern are recognized at any time during the child's enrollment, they are summarized and shared with the parents. Appropriate resource professionals are consulted if necessary and an intervention plan is developed in consultation with the family. If efforts to facilitate progress are unsuccessful, appropriate referrals may be made with parent permission.

CLASSROOM PROCEDURES

Families and children should always enter and leave through the main door at the playground. Program arrival and dismissal times must be observed to provide teachers with the time needed for daily preparation of the classroom and meetings with staff and volunteers.

It is important for teachers to be aware of situations or experiences that may affect children's behavior (loss of sleep, absence or illness of a parent or family member, visitors in the home, etc.) Please share this information at a level that is comfortable with you. If there is lengthy information that must be shared, provide it in writing or arrange a time that is convenient for both of you.

Morning Procedure

Infant, toddler, and 2-year-old classrooms are open from 7:00 am-5:30 pm.

Arrival Time for Preschool (3- and 4-year-olds)

The full-day preschool session operates from 8:00am—3:30pm (doors open at 7:55am) with optional before school care from 7:00am-8:00am and after school care from 3:30pm—5:30pm (see before/after school fee chart).

Check-In

Parents or authorized persons are responsible for checking children into the classroom upon arrival and out of the classroom at the end of the school day. Parents will utilize the Procure app to Sign-in /Sign-out their child each day. An iPad with the Procure attendance is available in each classroom.

Goodbyes

We realize that saying goodbye at the beginning of the school day is sometimes difficult. The teacher will help with this in a way that is sensitive to the needs observed in your child. Parents are encouraged to remain in the classroom as long as the child needs their presence, but staying beyond this time may be counterproductive to our goal for each child to grow in independence and self-confidence. We ask that you trust the teachers as they work to provide an environment that is welcoming, secure, and challenging for each child. Feel free to talk with your child's teacher if you have concerns about leaving your child and would like to develop a specific plan for easing this transition.

Classroom structure

The daily schedule supports the program goals by providing routines that contribute to children's feelings of security and purpose. Flexibility within the schedule supports growth in all goal areas and enables teachers to respond to the needs and involvement of the children at

any time during the day. The majority of each session is dedicated to exploration and purposeful play. During the active time, children choose where they want to play and when they are ready to move to a new activity.

Dismissal

Children will be dismissed to parents or authorized persons only. The school must be informed in writing when a child is to be dismissed to someone other than a person listed on the authorization form.

Children must be picked up at dismissal time. The classroom teachers have obligations at the end of each day and cannot be responsible for after-hours care. If your child is not enrolled in the after-school program and is not picked up at 3:30 p.m., they are placed into the afterschool program and a \$10 late fee is charged as well as an additional \$10 fee for every 5 minutes until they are picked up.

Children not picked up from AFTER-SCHOOL by 5:30 pm will be charged \$10 for every 5 minutes until they are picked up. At 5:30 pm, afterschool staff will begin calling listed emergency contacts. If no one can be reached Child Protective Services and/or the Harrisonburg Police Department will be notified.

Before and After School Policies

Policies and procedures for our Before and After School Program are listed in our Before and After School Contract. Please contact our Director, Amy Taylor for more information.

Handwashing

One of the most reliable ways of controlling the spread of germs is proper and consistent handwashing. This is emphasized with the children and modeled by all adults working in the YCP classrooms. Children and adults are expected to wash their hands or use hand sanitizer at the following times:

- Upon arrival at school (if a child is not old enough to wash their hands, a baby wipe will be used to clean their hands)
- After using the toilet
- After touching bodily fluids
- Before AND after preparing, serving, or eating food
- After playing in water shared by multiple people After handling animals or materials that may be contaminated by animals
- After playing outdoors

Adults are also required to wash hands at the following times:

- Before and after administering medication
- After handling garbage
- Before and after a diaper change or assisting with toileting
- Before feeding or helping with feeding/serving food

*Proper handwashing techniques are posted above all the restroom sinks.

Diapering

When a child becomes wet or soiled, the child shall be cleaned and changed as soon as possible. Diapering areas should be within sight and sound supervision for all children. Diapers shall be disposed of in a leakproof container. The diapering surface should be designated for diaper changes only and shall be cleaned with soap and water after each use.

GENERAL PROCEDURES

Visitors

Non-enrolled children visiting the Young Children's Program must always be supervised by an accompanying adult. Teachers and staff members are responsible for enrolled children only and should not be asked or expected to provide additional supervision.

When parents with siblings wish to visit the YCP beyond normal arrival and departure times, the teacher should be consulted in advance. Siblings present during arrival and departure must remain with a parent or accompanying adult. If siblings engage with any classroom materials, parents need to ensure they are put away before leaving.

Parents should monitor their child at pick-up and drop-off and ensure that all YCP rules are followed in the hallways and play areas when parents are present.

Parking

Parking lots for families of the Young Children's Program are located close by to both the Anthony-Seeger and Memorial Hall locations. Reserved spaces in are designated as temporary parking for drop-off and pickup ONLY. Persons who plan to stay for more than fifteen minutes should park in a regular parking space. Vehicles must be turned off (idling is not permitted). All drivers must park in legal spaces and avoid blocking the flow of traffic through the lot. Violators may be ticketed, and exceptions will not be made for YCP families. Drivers who receive a ticket should contact JMU Parking Services (568-3300). An online parking link will be sent to YCP families prior to the start of each semester. Families are responsible for registering their vehicle each semester.

Toileting

Bathroom accidents are common, especially during the first months of school. Families are asked to keep a seasonal change of clothes at school so we can respond to accidents quickly. In compliance with licensing regulations, soiled underwear and clothing will be returned in a sealed plastic bag with minimal handling. Children do not have to be completely potty-trained to attend the YCP. The teacher must be notified if a child is not completely potty-trained and wears a diaper or pull-ups to school. Families must provide diapers/pull-ups and wipes. These need to be labeled with the child's name.

Naps

Cribs, cots, and rest mats will be provided for children during a designated rest period and will be identified for use by one specific child. Cribs shall be used for all children under 12 months of age. Children under age 2 will not be permitted to use a pillow during rest periods. Crib sheets will be washed daily. Infants will have a flexible sleep schedule based on their needs. It is important for young children in a full-day program to have a time to rest. The children in our toddler and preschool programs have a 1-2 hour rest time each day, typically 12:30 p.m. to 2:00 p.m. After one hour, children may be given a quiet activity. During this time, children rest on their own cot. Each cot is covered with a

sheet that is laundered each Friday. Families can provide a blanket that is sent home each week to be washed. Preschool age children may bring a small, stuffed animal for rest time. If possible, appointments should NOT be made during rest time. If this is unavoidable, send a Procare message to your child's teacher and they will bring the child to you. Please do not enter the classroom.

Language and Inclusivity

Because the YCP views early education as the shared responsibility of home and school, it is critical that we communicate often and effectively about all aspects of a child's school experience. Parents are encouraged to contact a teacher or the YCP Director if the family is unable to receive electronic communication (via the web, email and Procare) or need to communicate in a language other than English. If your child speaks a language other than English, please communicate with the teacher about ways we can work together to support language acquisition.

Translation Services

We celebrate the cultural diversity at the YCP, as well as in the JMU and Harrisonburg communities. Our enrollment forms are available in both Spanish and English. In addition, we have translation and interpretation services available for a variety of languages including Arabic, Kurdish, Russian, Spanish, Tigrinya and Ukrainian.

Individualized Programs

It is the parents' responsibility to inform the YCP Director if their child has an IFSP (Individualized Family Service Plan), IEP (Individualized Education Plan), or is receiving private specialized services. The teacher and Director will meet with the family and early intervention or school division officials prior to the child's attendance to confirm the appropriateness of the placement and specific expectations for the child's progress in the YCP setting. Program staff will cooperate with resource persons and support IFSP/IEP goals.

Social Media

The safety and well-being of our YCP family is of utmost importance to us all. To respect the privacy of all families and to ensure that our children are safe, we ask that families do not post photographs of YCP activities and events that contain images of individuals other than your own family to any social media outlet. The YCP does not have a Twitter or Instagram account. If you see such an account, it has been generated by the social media outlet or an uninformed individual.

Attendance

Preschool age children are expected to have regular attendance when well enough to participate fully in all activities of the program, including daily outdoor activities. Regular attendance ensures that the students are engaging as much as possible and effectively building community with their peers.

Parents or caregivers are asked to notify the teacher when their child will NOT be attending school by 9:00 am. This may be done in writing via email or Procure or by leaving a phone message at the Young Children's Program (540-568-6089).

COMMUNICATION

Communication is initiated by the YCP in the following forms:

Facebook: Facebook allows the staff to upload photos and videos, announce upcoming events, and promote the learning experiences happening at the YCP.

Family Handbook: This publication is posted on the YCP website and contains information about program goals, curriculum, assessment, policies, payment schedule, as well as descriptions of licensing and accreditation standards. All parents are given the opportunity to ask questions about information in this handbook and are asked to sign a contract indicating commitment to abide by program policies.

Conference: Conferences are a time for parents and teachers to share information. They may be as informal as a phone call, or as formal as a scheduled meeting for private conversation. Parents or teachers may initiate a conference at any time during the year.

Director Updates: The YCP Director will email program updates, details of family events, and information related to the program as needed.

Program Website: Program information, forms, and updates are posted on the YCP website at www.jmu.edu/coe/ycp.

Procure: The YCP utilizes this app for most of its communication with families. Pictures, videos, and announcements are posted daily. It is **STRONGLY** encouraged that families download this app.

EMERGENCY COMMUNICATION

During an emergency the YCP staff will work to reunite children with their parents when it is safe to do so. If an emergency response is required, the YCP will:

- Notify parents (by phone, text, email and/or Procure) when children are evacuated from the facility to a nearby distant location.
- Assign an individual (staff member or volunteer) and a backup to be responsible for each child's safety during the event.
- Release children only to individuals designated by parents as approved to take the child from the program.
- Require any such individuals to show photo identification before releasing the child to them.

WEATHER-RELATED CLOSINGS AND EARLY RELEASE

Closings

Any closings or delays will be sent via the Procure, email and/or posted on the WHSV-TV 3 list of closings. If you DO NOT receive an email, Procure notification, or see it on the WHSV-TV 3 list of cancellation announcements, then the YCP is open and operating on time.

(IF JMU IS CLOSED DUE TO INCLEMENT WEATHER, THE YCP WILL BE CLOSED)

Delays

If JMU has a delayed opening, the YCP will also have a delayed opening. The YCP opening time will be announced on Procure and/or via email.

Days missed due to weather emergencies will not be made up and there is no tuition reimbursement for weather closures.

Early Release

If the YCP Director deems it necessary to close the YCP early due to inclement weather, or the possibility of inclement weather, an announcement will be made through Procure. From the time of the notification, families will be expected to pick up their children within an hour of the closing time. The YCP's goal is to keep all our children and families, JMU students and staff safe. These decisions will be made keeping this goal in mind. Ultimately, it is up to each family to determine if it is safe for you to travel with your child to the YCP. Keeping your child home, due to inclement weather, will not affect your child's attendance record.

ILLNESS

When a child becomes ill at school, a YCP staff member contacts the child's parent, legal guardian, or other person authorized to pick up the child from school. It is expected that the child will be picked up within the hour, or as soon as possible following notification. Illness is assumed if the condition prevents the child from participating comfortably in activities or creates a greater need for care than the staff can provide without compromising the health and safety of other children. If children are not well enough to play under normal conditions, school attendance is not appropriate.

If it is suspected that a child's condition is contagious and requires exclusion from others, the child is made comfortable in a location where he or she is supervised by a staff member until the parent arrives.

Children are NOT to attend the YCP during a contagious period when they have a communicable disease such as roseola, measles, Fifth's Disease, chicken pox, Hand-Foot-Mouth disease, or when they have had any of the following symptoms within the previous 24 hours:

- A fever of 100.4 or higher
- Signs of a newly developing cold or persistent cough
- Diarrhea (two abnormal stools), vomiting, or an upset stomach
- Unusual or unexplained loss of appetite, fatigue, irritability or headache
- Any discharge or drainage from eyes, nose, ears or open sores (conjunctivitis, impetigo)
- Nits or live lice
- Untreated conditions: pinworm, scabies, or ringworm
- Symptoms of the COVID-19 virus as outlined by the Center for Disease Control

*If a child is sent home from school for any of the above symptoms or other signs of illness, the child should not return to school the next day. Child also needs to be symptom free without medication for 24 hours before returning.

The Communicable Disease Reference Chart for School Personnel found on the Virginia Department of Health website provides more information about communicable diseases common to school-age children. Families will be notified as soon as possible (within 24 hours after the program is informed) if their child is exposed to a communicable disease.

Parents are required to inform the school within 24 hours after their child or any member of the immediate household has developed any reportable communicable disease. In both cases, life-threatening diseases must be reported immediately.

INJURIES

Children at the YCP are always within sight and sound of a supervising adult. However, despite efforts to maintain the safest possible environment, minor injuries such as scrapes and bruises sometimes occur as children work and play together. A well-stocked first-aid kit is maintained at the YCP and teachers are certified in first aid and infant/child CPR. If a minor injury is unusually upsetting to a child or poses reason for concern, parents are called immediately. Otherwise, parents are notified of the incident and the treatment that was given through Procure and at the end of the school day.

An incident report is completed on every incident in which a child is hurt. Reports must be signed by the parent to verify notification. These documents are used to track the kinds of incidents that occur and help YCP staff consider ways to avoid future injuries. If an injury, that occurred at school, requires medical treatment the parents must notify and the Director and the teachers via Procure within 24 hours of treatment. The procedure for responding to serious injuries or medical conditions is outlined in Emergency Communication.

MEDICATION

Not all YCP staff are able to administer prescription medicine. Only MAT certified staff members will administer prescription medication. Prescription medication needs to be approved by the Director and the appropriate forms need to be filled out by a physician before medication can be administered. Non-prescription medication (sunscreen) shall be in the original container with the direction label attached. All medications should be handed to a staff member with specific written instructions for administration. Medications should never be left in the child's cubby or with the child to administer on their own. Our staff will ensure that the medication is recorded along with the directions and proceed to dispense the medication as directed. YCP staff will ensure that medications are administered safely and in accordance with the manufacturer's instructions regarding age, dosage, and duration for nonprescription medications. For any medication to be administered, a written authorization from the parent is required, and this authorization is valid for no more than 10 workdays, after which it must be renewed. Long-term use of prescription or over-the-counter medications may be permitted with additional written authorization from both the child's physician and parent. To ensure the safety of all children, the center also follows strict guidelines for preventing the use of outdated medications.

Over-the-counter products

(Sunscreen, lip balm, moisturizer, etc.)

It is recommended that you apply all over-the-counter skin products before your child arrives at school. YCP staff can apply and re-apply over-the-counter skin products as needed in accordance with the manufacturer's recommendations. To administer these products there must be written authorization noting any known adverse reactions. Products must be in their original container and labeled with the child's name.

All procedures mandated by the Virginia Department of Education are followed.

INTERACTIONS OUTSIDE OF YCP

JMU Students

The JMU practicum student participants in the YCP are in professional preparation programs and are enrolled in courses that focus on child development and curriculum. They have a dual role at the YCP, serving as both observers and teaching assistants, and will be involved in these very different capacities throughout the semester. They are expected to document their experiences in interacting with the children, responses to specific activities, and use of equipment. Confidentiality of children and families is a requirement in all practicum settings. Practicum students participate at the YCP one day each week. Because of their limited professional experience and participation time, their knowledge of individual children is minimal.

Family Involvement

Parents are always welcome at the Young Children's Program. It is our desire to work in partnership with families to provide the best possible experience for each child. We want you to understand the curriculum, learn class routines and be comfortable with the guidance techniques that are used. Let your child's teacher know how and when you would like to be involved in the classroom so a schedule that is mutually accommodating can be developed.

Our support staff usually provides the YCP with an adequate number of adults in the classroom, but family assistance is sometimes needed during field trips, special events and exam week. The teachers will communicate information regarding trip dates and arrangements for each class.

Family members are encouraged to notify the teacher of special ways they can share with the class (playing a musical instrument, sharing cultural information with the children, arranging a visiting presenter or reader, sharing a family pet, etc.). Licensing standards require that all adults who supervise children alone must have background checks and medical clearance, so please understand when the teacher makes decisions that reflect this regulation.

When family members visit in the classroom or participate on field trips, it is important to recognize that young children's behavior is often different than it is at home. Children are sometimes confused as to who is in authority or feel reluctant to share the special person with others. Therefore, behaviors such as challenging rules, aggression and clinging to the family member are common as children attempt to understand each adult's role. It is important for the teacher and family member to communicate about the behaviors they observe and develop consistent responses that will ease the child's discomfort and make participation with the class a positive experience for everyone.

Attendance is encouraged at YCP family nights. Notify your child's teacher if you would like to assist with planning or if you have program suggestions.

Adventures On and Off Site

Because first-hand experiences are vital to learning, many field trips are scheduled during the school year. Some are walking trips to nearby locations and others involve travel to sites that are farther from school. The YCP relies on public transportation for all non-walking trips. The Field Trip Permission statement must be signed by a parent or guardian of every child.

Field trips are considered an extension of the YCP classroom with specific learning objectives and expectations for appropriate behavior. JMU student staff and parent chaperones support the teachers' goals for the trip and help to assure the children's safety. Care is taken to avoid an excessive number of adults on a field trip, so the children have the opportunity for group experiences that support their learning.

Community Events and Service

The YCP staff makes a consistent effort to notify families of local events that may be of interest to children, such as special activities at the Harrisonburg Children's Museum, campus theatre performances, storytellers and community concerts and programs. We encourage everyone to share announcements of events for children by notifying your child's teacher via Procure.

CONFIDENTIALITY

Child Records

Child records include all documents described in the Forms section, as well as attendance and assessment records. This information is considered confidential and is stored in a secure location at the YCP. Access is limited to those persons who work directly with children or are responsible for program accountability--the child's family, the teaching and administrative staff and officials of regulatory agencies. Because it informs their teaching at the YCP and their professional preparation, student staff members may review children's records. However, confidentiality is always required and last names are never used in student projects, research, or other assignments without specific permission of the parents.

Parents have the right to inspect and review all records directly related to their children who are under eighteen years of age and/or who are dependents under the tax law. Unless a legally binding instrument or a court order governing divorce, separation, or custody provides to the contrary, both parents shall be permitted to inspect and review educational records of their children.

Child records are retained in the departmental office for seven years after the child's final date of attendance at the YCP and then are destroyed.

GUIDANCE AND DISCIPLINE

Self-control grows as children are given opportunities to interact with others, make choices and solve problems. The YCP provides a supportive and caring environment that encourages this kind of growth. The classrooms are arranged so that negative behavior and conflicts are minimized. Guidelines are stated positively. Guidance techniques are non-punitive and accompanied by an explanation of expectations. Adults help children express their feelings in positive ways and encourage them to recognize and respect the feelings of others. Teachers use conflict resolution strategies to help children resolve problems.

If a child becomes verbally or physically aggressive, staff intervenes immediately to protect all of the children. The usual approach to helping children with challenging behaviors is to show them how to solve problems using appropriate interactions. When discipline is necessary, it is clear, consistent and understandable to the child. We maintain a zero-tolerance to bullying.

If a child exhibits persistent behavioral difficulties, the teacher will initiate a meeting with the family to discuss the cause of the behavior, a plan for providing positive support and a procedure for regular communication. Additional professional input may be sought with the permission of the Director and the family. Family members are welcome to request a meeting to discuss behavioral concerns at any time. Time out and other punitive strategies are NEVER used.

If all options and interventions have been exhausted and there is agreement that exclusion is in the best interest of the child and/or children in the class, only at this time will exclusionary measures be considered. Administration will offer assistance to the family in accessing other resources in the community and alternative child care placements.

The purpose of this guidance is to eliminate the use of suspension, expulsion, and other exclusionary measures. The steps below are used to address a challenging behavior:

- Identify the behavior.
- Watch for triggers.
- Communicate with parents often
- Implement strategies to eliminate or change behavior. Share those strategies with all staff working with the child.
- If behavior persists, create a behavior plan. Contact BCBA if needed. - Implement positive behavior support strategies.

The YCP will always comply with disciplinary actions as described in Section 8VAC 20-780-400 of the Standards for Licensed Child Day Centers (VA Dept. of Education, 2021) are NEVER used. These include physical or forceful punishment, withholding or forcing food or rest, demeaning or threatening remarks, punishments for toileting accidents, forced confinement and separation from the group so that the child is away from the hearing and vision of a staff member.

ITEMS FROM HOME

Toys From Home

YCP welcomes contributions that extend experiences and learning. Toys from home often create a distraction from the activities planned for the day and should not be brought to school without prior permission. Guidelines for sharing special items will be provided by the teachers.

Birthdays

Birthdays may be celebrated at school if the child and parents wish, but without gift bags, balloons or favors. Birthday snacks should be store-bought and easy to serve.

Due to the possibility of allergies, please notify your child's teacher one week in advance to discuss what you will be providing. The distribution of written invitations to special events for a select group of children is not appropriate at school.

Pets

The following procedures apply to classroom and visiting pets in the YCP:

- Parents are responsible for notifying the teacher in writing of animal-related allergies
- Classroom pets must have an appropriate temperament for being around children.
- Classroom pets that are handled by children must be in good health as documented by a licensed veterinarian.
- Children are taught to handle animals gently and respectfully.
- Animal cages or containers must be kept clean.
- Animals, cages and supplies must be kept away from areas used for food preparation, eating and storage.
- In the event a child is allergic to a classroom pet, the appropriate response will be determined through consultation with the family.
- All persons must wash hands thoroughly after handling animals and cleaning cages.

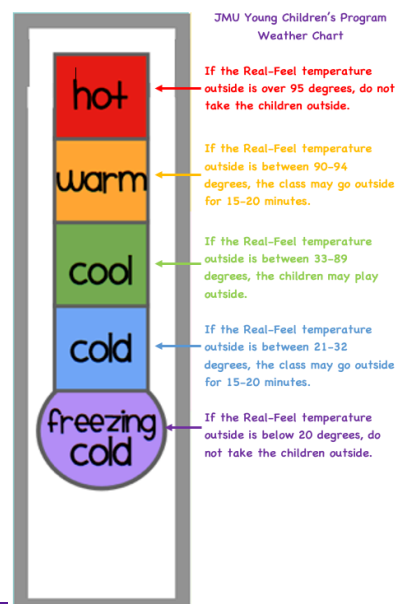

OUTDOOR PLAYGROUND

The physical environment of the Young Children's Program is a critical component of the curriculum. The classrooms and outdoor learning spaces are designed to include a rich variety of materials that encourage meaningful exploration and play. Teachers introduce new materials, develop unique interest areas and display equipment in different ways to challenge children's thought and motivate involvement. The organization and presentation of classroom materials contributes significantly to the overall curriculum; intentional decisions are made that support children's cognitive development, as well as conceptual knowledge in the content areas.

For liability reasons, the playground is not available for use before or after school.

The class will spend some time outdoors daily, except in severe weather:

- When the real-feel temperature is between 33 and 89 degrees, the regularly scheduled outdoor time will be followed.
- If the real-feel temperature is between 90-94 degrees or 21-32 degrees, the class will go outside for an abbreviated amount of time (15-20 minutes).
- If the real-feel temperature is under 20 degrees or above 95 degrees, the children will be kept indoors.
- We often go outside if it is snowing or raining lightly. Families should prepare their children for the weather each day based on our policy.

FOOD

Snacks

Parents are responsible for notifying the teacher in writing of specific food allergies or special dietary needs. Parents are responsible for sending a morning snack. If the child is enrolled in After-School care, parents may provide an additional snack for the afternoon.

Lunch

Children eat lunch together in their classrooms. Since lunch is provided from home, we recommend an insulated lunch box and ice pack to keep food fresh. We are unable to refrigerate or microwave children's lunches.

The preschool lunch is a good place to start developing good nutrition habits in children. Therefore, we encourage parents to pack protein foods, fruits and vegetables and to minimize chips, cookies, fruit snacks and sweets. Please do not send candy, soda, or glass containers to school. We do not place restrictions on the order of which your child eats the foods placed in his/her lunch box.

Because of individual dietary restrictions, children are not permitted to share food from their lunches. We encourage families to send smaller foods cut up and served in a manner that reduces choking hazard. (For example, carrots as shredded or as waffle carrots, grapes and tomatoes cut into quarters.)

Allergies

We discourage children from sharing food because of allergies. If your child has an allergy, it is essential to include that information on your child's health form. If we have children with lifethreatening food allergies enrolled in the preschool, we will require that you refrain from sending products containing that ingredient in your child's lunch or when sending treats to share with the class. Some common life-threatening food allergies could include peanuts, tree nuts, soy, etc. If a child in your child's class has a life-threatening allergy to another food, you will be informed.

ENROLLMENT

Enrollment of Your Child

Children can be enrolled at any time during the year for classes as long as there are open slots. If your child has just completed a three-year-old class at the YCP, they are given first priority for the four-year-old classes. Siblings of children currently or formerly enrolled in the YCP are also given first priority into the three-year-old classrooms. We maintain Waiting Lists for each class and children are enrolled on a first-come, first-serve basis. Your child must be at least 2 years and 10 months old to attend the YCP.

Withdrawal Policy

Temporary withdrawals from the Young Children's Program are not permitted. Tuition payments must be made when children are absent from school due to illness, family travel, or other reasons. If parents choose to permanently withdraw their child from the program, a minimum of one-month advance notification is required. Full payment is due for any month in which a child attends one or more days.

Termination of Enrollment

Enrollment of a child in the YCP may be terminated for the following reasons:

- The child's parents/guardians fail to submit required documents or abide by program policies or procedures as described in the Family Handbook.
- A tuition payment becomes one month past due.
- The child's behavior is a threat to the safety of other children, adults and/or the child himself/herself as determined by the teacher and YCP Director. The Young Children's Program staff (the teacher and/or Director) will communicate with families as soon as a problem is identified. In cases of incomplete paperwork, policy or procedure infractions, or delinquent tuition, a final date and conditions for resolution will be established in writing.

In situations regarding the inappropriate behavior of a child, the teacher will initiate a meeting with the family to discuss the cause of the behavior, a plan for meeting the child's needs and a procedure for regular communication. A plan for ensuring the safety of other YCP children and staff while working with the aggressive child will be developed by the teacher and the Director.

While a reasonable effort will be made to accommodate each child's individual needs, the Young Children's Program reserves the right to immediately terminate the enrollment of any child

whose behavior becomes a threat to other children or staff. This decision will be made by the teacher and YCP Director.

STAFF DIRECTORY

Staff Member	Position	Email Address	Office/Room
Amy Taylor	Director	taylo8al@jmu.edu	Anthony Seeger 14B

Office Phone: 540-568-6089

TUITION AND FEES

Payments can be dropped off in the drop box located outside the office or the drop box located next to the main entrance. Please include your child's name in the memo portion of the check. Payments can be made weekly or monthly.

The YCP depends on the timely collection of tuition payments to meet budget and salary obligations. Enrollment may be terminated if a payment becomes one month overdue. JMU Faculty and staff are encouraged to use payroll deduction. Credit card payments are not accepted by the JMU Business office.

Tuition payments are made payable to JMU Young Children's Program.

Please note: A \$50.00 handling fee will be assessed on all returned checks.

COST OF ATTENDANCE

2-year old's - \$230/week

3- and 4-year old's School Day Program - \$170/week

Before School care: \$10/week

After School care: Choose the plan that fits your needs (this is a flat rate per week regardless of days off) 5 days/week \$40/week, 3 days/week \$30/week, 2 days/week \$25 week

PLEASE NOTE:

- ❖ The price for after school care is the same regardless of the number of days in each week.
- ❖ Families MUST indicate the day of the week they will be needing care, and these MUST remain the same for the semester. Changes to plans/days can be made at the end of the first semester.
- ❖ Children MUST be picked up by 5:30pm. Late pickups (any time after 5:30pm) will be charged a \$10 late fee and \$1/minute for every minute after 5:30 pm.
- ❖ There is no credit for sick days, snow days, or days the YCP is closed. As noted earlier, care days cannot be changed without Director approval.
- ❖ Our after-school care program is predominantly staffed by our JMU student employees.

SUPPLY LIST

Below is a list of items for your child to bring to school. While we do have a list of must-haves for your child to bring, there are also optional supplies that would benefit the class.

Essential Items:

- ✓ Extra set of season-appropriate clothing
- ✓ Pair of sneakers/boots suitable for playing in water, mud, and rain. These will stay at school.
- ✓ Water bottle - please bring to school daily. This will go home every night.
- ✓ Backpack/bag large enough to carry all their weekly supplies
- ✓ Lunch box
- ✓ Blanket and snugly stuffed animal for rest time. These will go home every Friday
- ✓ If your child requires pull-ups/diapers, baby wipes, etc. please supply these items as well - be sure to label the items with your child's name.

Optional Items:

- ✓ Tissues (two boxes - one for classroom, one for center wide use)
- ✓ Hand sanitizer
- ✓ Glue sticks
- ✓ Markers
- ✓ Baby wipes
- ✓ Paper towels

✓ Lysol wipes
