The Graduate School
(90 minutes)

The University Ceremony will be held rain or shine. If weather conditions appear life threatening (lightning, tornado warnings, etc.) the ceremony will be postponed until 12 noon. If threatening weather persists at noon or during the ceremony, it will be cancelled. JMU’s Public Safety Department makes that decision.

Please find the college ceremony schedule to the right. Due to the size of the graduating class, some ceremonies will require tickets for guests. Additional information will be sent to the graduates during the spring semester.
