

Report from the Faculty Senate of Virginia (FSVA) meeting on April 7th at George Mason University

1. Fall Planning Meeting – there will be an online planning meeting in late September to discuss items for the agenda at the fall meeting (typically late October or early November). This online meeting will provide an introduction to new members, will outline some of the agenda for the coming meeting and VHEAD, and will provide access for those members who are not able to attend in person.
2. Faculty Senate Survey: The President of the FSVA (Dr. Anand Rao, Mary Washington University) will work on creating a survey that he will send to all member schools to find out what each school currently offers. This survey will be ready by the fall.
3. Faculty Materials Repository: It was also suggested that our members could benefit from having access to other institution's faculty handbooks. Dr. Anand Rao will work on keeping a repository on our FSVA website that can include faculty senate information and faculty handbook links.
4. Officers for 2018-2019: We selected officers for the coming year: Marcel Rotter from University of Mary Washington will serve as Treasurer/Secretary, Carmen Rodriguez from Virginia Commonwealth University will serve as Vice-President, and Dr. Anand Rao will once again serve as President.

Respectfully submitted,

Mark Piper

JMU representative to the FSVA
