# STUDY ABROAD AND STUDENT EXCHANGE ALLOW YOU TO LIVE IN A NEW CITY, ENHANCE YOUR CAREER PROSPECTS, PROVIDE THE OPPORTUNITY FOR PERSONAL DEVELOPMENT, EXPERIENCE A DIFFERENT CULTURE AND MEET NEW PEOPLE WITHOUT INTERRUPTING YOUR STUDIES OR YOUR CAREER PATH.

Study abroad and student exchange allows you to spend a semester or a whole year at Flinders University and earn credit towards a degree in your own country. You can start your studies in either the first semester (March to June) or second semester (July to November), although if you are intending to come for a full year we suggest you start in semester one to give yourself a greater choice of topics. When you're not studying you can relax on our many beaches, visit the Australian outback, or meet the wildlife.

## Entry requirements

### Student Exchange

The exchange program is open to students currently studying at one of our partner institutions and must apply through their home university.

### Study Abroad

The study abroad program is open to students currently enrolled or eligible to enrol at an overseas university with a Grade Point Average (GPA) of 4.0/7.0 or equivalent (Pass).

### All Students

When planning your study program it is important to keep in mind that some topics have pre-requisites that must be completed to be able to enrol. Topics are valued at 4.5 units. Students normally take topics at first, second or third year level (1000 – 1999, 2000 – 2999 and 3000 – 3999). Students are required to be enrolled in no less than 13.5 units and no more than 22.5 units per semester – 18 units is the normal full time enrolment.

International Centre staff will seek approval on the student's behalf for enrolment and will advise the student of their topics before they arrive so that they can enrol on-line.

\*Please note topics offered by the School of Medicine and all placement / clinical placement topics are not available to study abroad and exchange students.

## How much does it cost?

Study abroad and student exchange are an affordable way of experiencing a new culture and broadening your educational horizons.

Each student is responsible for their study costs which may include visa fees, health cover, field trips, lecture notes, stationery, text books and course materials, and general costs such as travel, accommodation, meals and living/personal expenses.

Overseas Student Health Cover (OSHC) is compulsory for all international students and their families, with the exception of Norwegians covered under the Norwegian National Insurance Scheme or Swedes entitled to grants and loans from the Swedish National Board of Student Aid (and thus eligible for Study Insurance). OSHC covers all fees in private and public hospitals, emergency ambulance services, and up to 85% of most medical services outside hospitals (excluding dentistry and physiotherapy).
