

Job ID: RSAN1

Job Location: Online (Live anywhere)

Part-time internship

Job Summary:

The Pro Sports Outlook Research Analyst is a master at understanding sports statistics and bringing numbers to life. As the leading member of the research department, the successful candidate for the Research Analyst brings plenty of knowledge and skill to the table and knows the difference from ordinary stats and the facts fans want to know.

Responsibilities:

- Watch as many professional NFL, NBA, & MLB games as possible to seek tidbits
- Research, identify, and document significant facts and statistics across all 3 sports
- Understand the digital sports media industry and continuously consume sports content
- Lead the initiatives for the 'Facts to Know' daily content distributed on PSO
- Research the resources given to aggregate daily relevant 'Facts to Know'
- Ensure sports data distributed by PSO is accurate, timely, and insightful
- Able to operate a wide range of assignments. Organization, efficiency, attention to detail, and planning skills are required
- Conduct quality control and corrective actions to ensure accuracy and quality
- Effectively communicate problem solving efforts, results, and solutions with others
- As necessary, participate in team based projects and contribute recommendations towards departmental objectives

Basic Qualifications:

- Consider themselves a 'sports junkie' and numbers guru
- High attention to detail is a must
- Proven experience working with NFL, NBA, or MLB statistics
- Showcases strong verbal/written communication skills with timely follow up
- Analytical & problem solving skills to evaluate data and make intelligent decisions
- Wealth of knowledge about teams and active players in at all three major professional sports (NFL, NBA, or MLB)
- Demonstrates sound knowledge of pro stats and content that appeals to sports fans
- Capability to achieve a high degree of content accuracy in time-sensitive production situations
- Able to meet deadlines during nights, weekends, and holidays when needed
- Can thrive in a fast-paced environment that requires quick turnaround results
- Comfortable working alone without supervision
- Familiar with multiple forms of content distribution (web, mobile, social media, TV, etc.)
- Good understanding of common computer & mobile applications (Email, Google Apps, Microsoft Office, Mobile apps)

Preferred Qualifications:

- Bachelor's or Master's Degree from a prominent University majoring in Statistics or sports-related field
- 1+ years working in sports and/or statistics, preferably in media
- Extreme knowledge of how sports data is used in media and for research purposes
- Specialized training, skills and knowledge in advanced mathematics, economics, databases, etc.
- Proficiency with:
 - SQL and Data Analysis type tools
 - Microsoft Office Applications (Word, Excel, Outlook)
 - G Suite Applications (Google Docs, Sheets, Slides, Forms, Hangouts, Drive, and Gmail)

About Pro Sports Outlook:

This future-minded sports media platform is launching June 30, 2019.
