

Adobe Software

The Studio has Adobe Creative Cloud on a computer in the studio. The Creative Cloud hosts many of Adobe software's listed below:

- Premier
- Illustrator
- Acrobat
- Lightroom
- Media Encoder
- Lightroom Classic
- Animate
- Character Animator
- Photoshop
- After Effects
- InDesign
- Substance 3D
- Audition
- Dreamweaver
- InCopy
- Dimension

You will need:

- An Adobe account with a personal email address
- Access to the studio computers (note, the studio only has Adobe on ONE computer in the studio)

Getting Started:

Login to the computer with the help of a graduate assistant. Open the Creative Cloud and login with your own personal account. (If you do not have an account see below for directions on how to make one). Once you are signed in, you will have access to all of the software mentioned above.

Making an Account:

1. Make a free Adobe account with your *PERSONAL* email address, **DO NOT** use your JMU email address
2. To make an account, go on a search engine and look up “Adobe Sign In”
3. Click on the sign in link and select the option that says “create an account”
4. Make the account with your *personal email address*
5. Sign into the Creative Cloud with your own account

Don't Forget:

SIGN OUT when you are done!

Visit the [Adobe](https://www.adobe.com) website for more information on the software and other questions you may have.
