

# ePortfolio Artifacts

- 01** Artifacts are documents and media that you include in your ePortfolio
- 02** Artifacts are evidence of your skills, experiences, and knowledge
- 03** As you gather artifacts, remember to include a variety. Don't just upload every paper you ever write – include photos, lab slides, graphs, etc.
- 04** Even if you're not ready to develop a full ePortfolio now, you should begin collecting and organizing artifacts from your curricular and co-curricular experiences
- 06** You can always edit your ePortfolio as you begin to get a clearer sense of the direction you want to go
