## JMU School of Music Statement of Community & Belonging

Difference in identity enriches our community, fosters artistic and intellectual growth, and is vital to creating thriving venues for expression in a global world. In addition to welcoming all individuals and perspectives regardless of their race, ethnicity, gender identity, sexual orientation, religion, disability, socio-economic status, or citizenship status, we wish to make the following acknowledgements and affirmations, adapted from Americans for the Arts:

- In the United States, there are systems of power that grant privilege and access unequally such that inequity and injustice result. We resolve to educate ourselves, keep vigilant watch, and act to bring an end to systemic oppression.
- Cultural equity—which embodies values, practices, and policies that ensure all people have access to, and are represented in, the arts—is critical to the sustained engagement of music in society.
- Acknowledging and challenging our inequities and working in partnership is how we will make change happen.
- Everyone deserves equal access to a full, vibrant creative life, which is essential to a healthy and democratic society.
- The prominent presence of musicians in society can challenge inequities and encourage alternatives.
