Helpful Hints for Preparation

- **Prepared Audition Material: Eric Whitacre: *Sleep*:** Please learn YOUR voice part in **Eric Whitacre's *Sleep***: measure 43 to the end at mm 74 (with repeat.). Please prepare on solfège, but plan to present it with solfège or on text, as you prefer. Then prepare a different part and be prepared to present it on solfège.
- Listening to this piece is a **must** for a successful audition. This piece is deceptive, and slow, and you cannot present it stylistically correctly without first listening to it several times. An audio link is included here below for your assistance: <https://www.youtube.com/watch?v=aynHSTsYcUo>
- Please note as well that there will be no accompaniment at this audition, so you must know the piece well in order to present it.
- **Sight-reading:** Please don't worry about this and do plan on bringing your tuning fork if you have one!

The Day of Your Audition

Please arrive 15-20 minutes early to your audition to allow for: Intake paperwork, the audition itself, the SIGHTREADING portion of the audition, and schedule shifts.

Please plan to:

- a. **Arrive early!** (Early is on time!)
- b. Bring your **tuning fork** if you have one! You will use it during your audition!
- c. **Dress up!** LOOK YOUR BEST! An audition is always a practice for the next concert, solo, or audition! Your career is NOW; act the part and let's be in it to win it!
- d. Fill out an **information form** and give it to your door monitor when completed.
- e. Present the **required audition material**, Eric Whitacre's *Sleep*, mm 43 – mm 74 following the instructions as indicated on the music excerpt itself. (Your part followed by another part of your choice in solfège.
