

Student Success Fellow Application Spring 2023

Start of Block: Default Question Block

Q6 The Early Student Success Quality Enhancement Plan (QEP) and Center for Faculty Innovation are excited to announce a call for applicants to join a Student Success Research Fellow pilot program. To encourage evidence-based reflection, experimentation, and innovation toward equitable student success and faculty development:

1. We are seeking applications of individual faculty/staff and teams (2 to about 5 faculty/staff per team) interested in exploring data-informed questions about equity, student success, and retention. Those selected would spend the remainder of the Spring 2023 semester developing an interdisciplinary research proposal in teams. Selected individual applicants will be placed into a team.
 2. Teams that have completed fellow program requirements are eligible and encouraged to apply for implementation grants to carry out their research proposal. Implementation grants can support research during Summer or Fall 2023 and those selected will be expected to participate in Fall 2023 or Spring 2024 showcases.

Q8 Have you and/or your team discussed your interest in being a Student Success Fellow with your Academic Unit Head (AUH), Director, or Supervisor?

- Yes (1)
- No (2)

Skip To: Q9 If Have you and/or your team discussed your interest in being a Student Success Fellow with your Aca... = No

Q7 Who is the primary contact for your submission?

First name (1) _____

Last name (2) _____

JMU email (3) _____

Q1 If you are applying as an individual, please share your interdisciplinary, methodological, and experiential perspectives below so we can place you on a team.

If you are applying as a team, please list the first and last names and units for the members of your team below. Please also describe how your team represents diverse disciplinary, methodological, or experiential perspectives.

Q2 Please describe the equitable student success & retention research questions, data, and/or areas you are interested in exploring.

Q3 Please describe your team's research experience related to student success. This may include SoTL (Scholarship of Teaching & Learning), inclusive teaching, retention, advising, tutoring, high impact practices, etc.

Q4 What kind of support, if any, would help your team be successful?

Q5 Is there anything else you would like to share as part of your application?

Q9 It is important that your Academic Unit Head (AUH), Director, or Supervisor be aware of and support your possible participation as a Student Success Fellow. They must sign off on your payment for participation and it is helpful to have them as partners and advocates for your work as a Student Success Fellow. Please discuss with them prior to advancing and submitting your application.
