These rules and regulations have been prepared and distributed to encourage the responsible use of parking facilities and roadways for the benefit of James Madison University faculty and staff members, students, alumni and visitors; to ensure access at all times for emergency vehicles; and to protect all persons on the campus from injury by vehicles. Operating and parking motor vehicles on university-owned or leased property is permitted only in accordance with university motor vehicle regulations as outlined in the “Parking Regulations” or at the direction of parking and public safety officials.

Written procedures for enforcement assure the campus community of consistent application of the university’s rules and regulations, related fire codes and accessibility laws for persons with a disability. Knowledge of these regulations is assumed and will be enforced by Parking Services and the Office of Public Safety.

James Madison University reserves the right to reserve parking in areas owned or leased by the university to support special activities. Contingent on space availability, parking priority is in the following order: persons with a disability, faculty members, staff members, commuter students, resident students and approved freshman students.

James Madison University assumes no responsibility for any motor vehicle or its contents at any time.

For the latest information concerning modifications to parking regulations, refer to the Parking Services website at jmu.edu/parking

- Accessible parking permits do not authorize users to park illegally. Park in accordance with the markings on the asphalt and posted signs at all times. Parking in accessible access aisles is strictly prohibited.
- Parking illegally in an accessible space or adjacent access aisle or blocking access to an accessible space or access route will result in a $150 fine, and the vehicle may be towed at the owner/operator’s expense.

- Citations that have been transferred to the University Business Office cannot be appealed.
- All appeals must be submitted online. The parking citation appeal form can be accessed via the Parking Services website at jmu.edu/parking.

- You have parked there before and did not receive a citation.
- You were conducting “JMU business” or “doing a favor for JMU”.

A citation may be appealed a second time. However, the appellant must pay the citation in full prior to requesting a second appeal review and the second appeal should include additional information or documentation in support of the appellant’s appeal.

Notification of the Parking Appeals Committee’s decision will be sent to the appellant’s email address.

If an appeal is denied, the appellant has 10 calendar days including the date on the notification letter to pay the fine or the 10-day ($5) penalty will apply. If Parking Services is closed, submit payment online at jmu.edu/parking or deposit payment in the drop box at the front of Parking Services, located on the ground level of the Champions Drive Deck. Do not insert cash in the drop box.

**Tips to Avoid Receiving a Citation**

- Pay close attention to the restrictions posted at the entrance to every JMU parking facility.
- Always park in accordance with the markings on the asphalt and posted signs when in paved parking lots and in front of a parking block when in gravel lots.
- Remember that no vehicle may be parked, stopped or left standing unattended in a fire lane for any length of time, regardless of the circumstances. Emergency flashers are not justification to park illegally.
- Obtain a temporary permit if you need to park an unregistered vehicle on campus. Temporary parking permits are available for purchase at Parking Services for a fee of $5 per day.
- Report a disabled vehicle to Parking Services immediately. Citations issued to disabled vehicles may be dismissed only if Parking Services is notified prior to the time the citation is issued.
- Do not park your vehicle in a metered parking space if the parking meter is malfunctioning.
- If you need to load or unload items from a vehicle, obtain a loading and unloading parking permit from Parking Services. Remember that loading and unloading permits do not allow drivers to park vehicles in fire lanes, accessible spaces, expired meters, etc.
- Do not assume it is okay to park illegally even if others are doing so.
- Remember that notes left on vehicle windshields are not justification to park illegally.
- Read and understand the complete “Parking Regulations” document.
- Plan to arrive early to campus during busy times of day in order to allow sufficient time to locate a legal parking space.
- Consider alternative transportation, such as the Harrisonburg Public Transit System, if you have a class or event during a particularly busy time of day.
- When parking is unavailable in close proximity to your destination, proceed to parking areas on the periphery of campus where vacant spaces are almost always available and walk or ride the bus to your destination.
- If you are at all uncertain about whether or not it is appropriate to park your vehicle at a particular location, contact Parking Services at 540.568.3300 to inquire before parking your vehicle.
Towing Policy

- Parking and police personnel are authorized to tow vehicles immediately and, if necessary, without warning, when a vehicle poses a threat to public safety or blocks access to facilities.
- Vehicles parked on university-owned or leased property are subject to towing upon accumulating ten unpaid parking citations.
- Towed vehicles are stored off campus at the owner/operator’s expense.
- The following violations subject a vehicle to immediate towing at the owner/operator’s expense: parking in an accessible space or access aisle; blocking an accessible route; parking in a fire lane; removing barriers to park in areas reserved for construction or special events; misuse of a permit issued by Parking Services or another state agency.
- Parking is not permitted in locations that obstruct traffic or block driveways, doorways, loading docks, trash dumpsters, manhole covers, building sprinkler connections, etc. Failure to observe these restrictions will result in immediate towing of the vehicle without warning at the owner/operator’s expense.

Trailer Policy

- A JMU parking permit entitles the holder to no more than one parking space on university-owned or leased property at any given time.
- According to section 46.2-100 of the Code of Virginia, a trailer is defined as “every vehicle without motive power designed for carrying property or passengers wholly on its own structure and for being drawn by a motor vehicle”.
