Exclusions from eVA
Listed below are allowable, excludable items/categories that may be, but are not typically required to be purchased through the eVA Procurement System.

If you choose or for some reason are required (ie. VCE purchases, gov to gov purchases) to process an item that falls into one of the below eVA Exclusions the PO Category Code shall be changed to X02 so neither JMU or the vendor will be charged an eVA transaction fee. X02 usage shall be limited to these situations.

Payment for goods/services that qualify for eVA exclusion may either be paid per normal procedures on your SPCC or may be facilitated with an Accounting Voucher processed through Accounts Payable. The applicable exclusion number should be referenced on the Accounting Voucher or during the reconciliation process.

Purchases from non-Registered eVA vendors
Purchases of non-excluded goods from vendors who are not registered with eVA still have to be processed through the eVA Procurement System. Procurement Staff will assist you as needed in State Entering the vendor.

If you have any questions about how to use any of the following eVA exclusions please contact Procurement Services at 540.568.4382 or askeva@jmu.edu. Procurement is the authority responsible for interpreting and approving eVA exclusions.
