

The 2015 Virginia Statewide Fire Prevention Code will govern all events on the campus of James Madison University, effective April 15, 2011. Failure to comply with the regulatory requirements could result in a State Fire Marshal Office citation for the university or cancelation of an event. In accordance with section 401 through 406 of the 2015-VSFPC any event with the potential to exceed a total maximum attendance of 1000 people, including performers and organizers, shall be required to provide the following:

1. A fire safety plan
2. An emergency evacuation plan
3. In addition to ushers and other event staff – one CROWD MANAGER for every 250 people in attendance
 - a. All crowd managers shall receive annual approved training
 - b. Crowd managers will have a means of communications with event management
