Academic Advising Notes for English

- English majors must take at least 3 200-level survey courses. Students can take these at BRCC by choosing from the following: ENG 258 and two from ENG 225, 245, 246, 250, 255, and 275. Once at JMU, students must take ENG 235 (early English literature) or ENG 247 (early American literature).
- English is a B.A. degree. The B.A. degree requirements are a philosophy class (PHI 100, **not** 220) and intermediate proficiency in a foreign language. **Please Note:** JMU does not grant credit for the introductory levels of a language that a student has studied for two or more years in high school. Students who are proficient or fluent in another language may elect to wait and take JMU's foreign language placement exam. It is possible to test out of the language requirement.

Information for Students Interested in Teaching High School English

- If you are planning on majoring in English in order to teach at the secondary level, one of your social science electives should be PSY 230.
- EDU 200 is required for admission to the College of Education and should be taken as one of your approved electives. Contact Ms. Annette Williams ([information below](#)) about registering for the class.

Admission to the College of Education

Once admitted and enrolled in courses at JMU, all students must apply to teacher education and be accepted before they can take the required education courses. Students who meet the criteria for the Guaranteed Admission Agreement (GAA) with JMU ([Guaranteed Admission Agreements](#)), have completed the coursework outlined in the advising guide for the appropriate teacher licensure area, and who have met the Teacher Education Admission Requirements outlined below will receive conditional admission into JMU Teacher Education during their first semester at JMU. Conditional admission to teacher education programs requires the completion of ENG 112 or equivalent (must transfer to JMU as WRTC 103), PSY 230 and EDU 200 with a grade of C or better, and satisfaction of the teacher education admission assessment requirements. See [Admission to Teacher Education](#) for more information. **Students cannot have any record of felony convictions or misdemeanors involving children or drugs.** Other admission requirements include a cumulative JMU GPA of at least 2.5, satisfactory completion of training modules in child abuse prevention and a first aid/CPR/AED certificate (CPR must be done in person). These requirements should be completed by the end of a transfer student's first semester at JMU.

Students seeking teacher licensure in Secondary Education/English must also complete the pre-professional secondary education program (5-year program) or double major in secondary education (4-year program). Secondary Education students take education and content coursework for their major concurrently during each semester of enrollment and must earn at least a B- or higher in all required education courses at JMU, demonstrate professional behavior and perform satisfactorily in practicums and key assessments in order to progress.

Graduate Program

Consult the [graduate catalog](#) for M.A.T. graduate requirements. Admission to and the satisfactory completion of the M.A.T. program are required in order to receive a recommendation through JMU for a teaching license at the secondary school level
